

PALS (Peer-Assisted Learning Sessions) Exam Preparation

PALS exam prep booklets containing worksheets and other exam revision materials will be available for download from the PALS section of the Study Help canvas site from Tuesday 30th November (Week 13). You may want to print the exam preparation booklet for your unit before coming to the exam preparation sessions or to bring along an electronic copy (on your laptop/tablet) to the exam preparation sessions. Please note we will not have printed copies available in the exam preparation sessions. Business Statistics will not have a question booklet as it will be a drop-in session.
