Attachment 7 Tuberculosis (TB) Assessment Tool

All new recruits, other clinical personnel, volunteers and students are required to complete this Tuberculosis Assessment Tool along with a NSW Health Record of Vaccination for Health Care Workers and Students and Attachment 6 Undertaking/Declaration Form. They should advise the NSW Health agency if they prefer to provide this information in private consultation with a clinician.

The NSW Health agency will assess this form and decide whether TB screening or clinical review is required.

New recruits, other clinical personnel and volunteers will only be permitted to commence duties if they have submitted this form to the employing NSW Health agency. Failure to complete outstanding TB requirements within the appropriate timeframe may affect their employment status.

Existing Category A staff, clinical personnel, volunteers and students who spend more than 3 months in a country with high incidence of TB after their initial TB assessment must complete and submit this tool for reassessment on return to a NSW Health agency.

Part A

1. Do you currently have a cough that has lasted longer than 2 weeks?  
   Yes □ No □

2. If yes, have you had any episode of haemoptysis (coughing up blood)?  
   Yes □ No □

3. Have you had unexplained fever, chills or night sweats in the past month?  
   Yes □ No □

4. Have you had any unexplained weight loss in the past month?  
   Yes □ No □

If you answered yes to any of the above questions, please attach relevant details on a separate page, including all results of any investigations or medical assessment you may have had it to this form.

Part B
