What is the loan period for an Interlibrary Loan?

- The loan period is set by the lending library.
- Interlibrary Loans are made available as a courtesy and so all loans are subject to early recall.
- Most lending libraries do not allow extensions to loan periods and so we ask that members return all items by the due date.

How will I know when an interlibrary Loan / Document Delivery request is available for collection?

- You will be contacted by email and / or telephone when your request is available for collection.

Where do I collect Interlibrary Loan / Document Delivery requests?

- Where possible, access to documents is provided electronically. Documents are made available for 14 days or 10 views.
- Paper-copy requests are collected from and returned to the Information and Loans Desk.

The Library reserves the right to pass on charges levied by the lending Library or document supply service or charge a higher than standard fee if the request requires substantial staff resources. Members will be charged for any fees incurred for the late return or loss of items. Members will be charged for special freight charges imposed by the lending Library.
