### UC climbs to eighth

An internal email doing the rounds of the University of Canberra makes an interesting observation — if the university was a country it would (as of yesterday morning at least) be sitting alongside Malaysia and Wales at number eight on the medals tally at the Commonwealth Games. UC students have accumulated 10 medals between them, according to the email. Long-distance walker Nathan Deakes, who is studying a bachelor of laws and commerce, has his gold. Swimmers Jade Edmestone (two silver) and Alice Mills (three bronze) and gymnast Joshua Jefferis (two gold and a bronze) are all studying for a bachelor of applied science in human biology. Long-distance walker, Jared Tallent, who won bronze in the 20km event, is studying a bachelor of education in physical education.
