1. PURPOSE:

This Procedure supports the University's [Brand and Marketing Policy](#) by outlining the process and procedures for University's staff to access centralised marketing services for all Brand, Brand assets, marketing and promotional activities.

2. SCOPE:

2.1. This Procedure applies to all University staff and the University's controlled or related entities using or needing to use the University's Brand or family Brand, and whether for marketing, promotions or some other use.

3. PROCEDURE:

Access to branded elements

3.1. The University's staff have access to a suite of approved Brand and Brand assets through their UC staff portal Marketing page. This suite includes email signature guidelines, Word and PowerPoint templates and approved rankings language. These items can be downloaded for use according to the *University Style Guide* and in accordance with the [Brand and Marketing Policy](#).

3.2. Staff can seek approval and access to the University logo and other Brand elements via the staff portal for limited digital uses, and access designrequest@canberra.edu.au for any other use. Again, these items must be used in accordance to the *University Style Guide* and the [Brand and Marketing Policy](#). Use of the logo is determined on the basis of:

3.2.1. the nature of the relationship with the University;

3.2.2. alignment with University's image and teaching, research and community purpose;

- 3.2.3. the purpose of the use of the logo;
- 3.2.4. the proposed placement, channels and format of the use of the logo; and

Process and Costs

3.5. Marketing will review and scope the brief and respond within a reasonable period (normally two working days) to acknowledge the request and discuss expected turn-around times.

3.6. The majority of requests are completed in-house, to schedule and incur no cost for the use of Marketing's internal resources. However, if Marketing are at capacity due to a large volume of University work or competing strategic priorities, the request may be:

- 3.6.1. negotiated towards a different deadline; or

3.6.2. outsourced in part or in full to a partnering agency at cost to the client area.

3.7. Projects that involve elements that are not part of internal Marketing resources, such as production (including printing, photography, video or specialist digital development) will be outsourced to a partnering agency at cost to the client area.

3.8. In all instances, external costs are competitively quoted and discussed with the client area prior to proceeding. Marketing will manage the external agency relationship, meaning that marketing will engage with a contracted agency on behalf of the relevant business area, to ensure that the deliverables meet Marketing brand requirements.

3.9. Costs that are incurred for the placement of advertising across all bought channels will be charged at cost to the client area. The advertising placement cost will be quoted and discussed with the client area prior to proceeding. Marketing will manage the external advertising placement.

Compliance

3.10. In the case of inappropriate or unauthorised use of the logo, the Director, Marketing, or their nominee will contact any person or group using the logo inappropriately or without authorisation to resolve non-compliance issues.
