

# FACULTY OF ARTS AND DESIGN

## 2022 WINTER TERM UNITS

The Faculty of Arts and Design offers a range of Winter Term units for students who wish to study in this non-standard teaching period. More information is available on the Courses and Units database (perform a Unit Search at <https://www.canberra.edu.au/future-students/study-options/find-a-unit>).

### Delivery Mode

Winter Term units will either be offered virtually or face-to-face. Virtual offerings will allow students to study remotely whilst remaining enrolled in an on-campus version of a unit. Face-to-face units must be attended on-campus and are not available for students studying remotely.

Some units may also have an online offering, please note that this is online content and may have study implications for international students who are required to meet minimum on-campus study regulations. If you are unsure which version of a unit to enrol into, please contact our team for advice at [FAD.Student@canberra.edu.au](mailto:FAD.Student@canberra.edu.au).

### Prerequisites

Some units may have prerequisite requirements, this means that you are required to complete certain units and/or pass a certain amount of credit points before enrolling. Please ensure you are aware of any prerequisite requirements before enrolling.

## Undergraduate Units

UNIT	DELIVERY MODES	PREREQUISITES
