2. WHAT DOES IT INVOLVE?

You will complete 7 units including two core units and five electives (selected from the tailored offerings for this program). Please see Unit Offerings Fact Sheet for more details.

These units can be completed over a minimum period of two years with all face to face teaching undertaken during the first and third school holiday periods of each year.

Each unit is undertaken in a three day face-to-face intensive period with some pre-work to be completed online and a final assessment task to be submitted after the intensive period. You are able to undertake up to two units in each holiday period with the exception of the final capstone unit which will run across the full six days. In April 2020 intensive learning will commence on the Tuesday following the Easter Monday Holiday. (future periods will run Mon-Wed and Thu-Sat where possible)

Each teaching period of three days has two unit options, for example, in the first school holiday period, participants will select from the electives as follows:

**Intensive Delivery Period 1:**

**14 April-19 April 2019**

| 14/4-16/4 | 10324 Leading Coaching and Mentoring in Education | 9094 Educating for Inclusion |
| Choose 9094 OR 10324 | | |
| 17/4-19/4 | Leading and Sustaining Professional Learning Communities | 10353 Issues and Challenges in School Improvement: International Perspectives |
| Choose 10353 OR 9096 | | |

You may wish to undertake two units over six days or can opt to take one unit only during each intensive period. Completing two units in each school holiday period will allow you to complete your Master of Education in just two years.

The program will also include guest speakers and networking opportunities such as a social event. Morning tea and lunch is also provided during the intensive delivery days.
