

The following categories apply to the use of **GenAI** in assessments. Further details and clarification of each category applied to assessment tasks will be provided in the unit outline.

PERMITTED

The ethical use of GenAI is allowed in completing the assessment

- ◆ Students are permitted to utilise GenAI in an ethical manner as appropriate to the assessment task without restriction.
- ◆ Students are encouraged to use approved UC tools or others with consideration of data privacy of self and others.
- ◆ Students must acknowledge the use of GenAI in the reference list or bibliography for the assessment.
- ◆ Students are permitted to use **Studiosity Writing Feedback Plus** to seek feedback on drafts of their assessments.

GUIDED

Students will be guided in how GenAI must/may be used in completing the assessment as detailed in the unit outline and assessment instructions

- ◆ Through the completion of the AIM module, use of the Lib Guide and discussion with faculty, students will develop an understanding of how they should use GenAI ethically when completing assessment.
- ◆ If the guidance indicates GenAI **may** be used, students are encouraged to make their own informed decisions on their ethical use of GenAI.
- ◆ If the guidance indicates GenAI **must** be used, as unit learning outcomes include GenAI skills, students will be required to complete the assessment task to demonstrate these learning outcomes.
- ◆ Students must acknowledge the use of GenAI in the reference list or bibliography for the assessment.
- ◆ Students are permitted to use **Studiosity Writing Feedback Plus** to seek feedback on drafts of their assessments.

RESTRICTED

*The use of GenAI is **NOT** allowed in completing the assessment*

- ◆ Students **must not** use GenAI in completing the assessment.
- ◆ Students are permitted to use **Studiosity Writing Feedback Plus** to seek feedback on drafts of their assessments.
