Degree of Bachelor of Applied Economics/ Degree of Bachelor of Commerce in Accounting (417AA)

This double degree program is designed to provide students with the basic conceptual and analytical skills required for a professional career in economics and accountancy. The breadth offered by the course provides greater vocational adaptability and increases the range of employment opportunities in both the private and public sectors.

Course Duration:

4 years full-time or equivalent part-time.

Assumed Knowledge:

ACT: English (T) major and Advanced Mathematics; NSW: 2u English and 2u Mathematics.

Course Requirements:

At least 96 credit points comprising:

- a. 44 credit points from the Common Core in Applied Economics including:
 - o 6 credit points from Foundation subjects
 - [004207](#) Introduction to Management
 - [003539](#) Business Statistics 1
 - o 22 credit points from the Approved Major in Economics: Commerce Type (refer to the [listing of approved majors](#) in the Electives section of the Handbook)
 - o 16 credit points from a Professional Option in economics – for choices available, refer to the listing given for the [degree course in Applied Economics \(278AA\)](#)
- b. 12 credit points from the balance of the Common Core in Accounting, Banking and Finance:
 - [004831](#) Accounting Information Systems
 - [004824](#) Accounting and Finance 1A
 - [004825](#) Accounting and Finance 1B
 - [004977](#) Introduction to Business Law
- c. 24 credit points from the Specific Core in Accounting - refer to degree course [Bachelor of Commerce in Accounting \(345AA\)](#)
- d. 16 credit points from a professional sequence approved by the course convener which should include for professional recognition, the subjects [004993](#) Law of Business Associations and [004994](#) Revenue Law.

Students may choose from the following disciplines: accounting, administration, economics, history, politics, psychology, information systems, computing, finance, marketing, law, sociology, statistics, languages, mathematics, or other as approved.

Course Advice:

Students should consult the course convener.

Course Convener:

Ms Heather Prior 6D13 (02) 6201 2991
School of Business

Degree of Bachelor of Commerce in Accounting/ Degree of Bachelor of Arts (626AA)

This program is for those who seek a professional qualification in accounting and financial management but who also value the flexibility of a general education.

On completion, graduates will bring to their profession the broader perspective gained from their interdisciplinary studies. They will be able to apply relevant theories and techniques to the analysis and solution of problems in accounting, auditing and financial management, analyse the processes leading to the design, use and management of financial management information systems; serve, as professional specialists, in a range of managerial and managerial support functions; solve problems in accounting from the broader perspective of a general education, and apply skills acquired from their professional studies to other fields of social endeavour; communicate ideas clearly, both orally and in writing, and with appropriate use of technology, to a variety of audiences; and identify with and operate within the assumptions, standards and social values of the accounting profession.

Course Duration:

4 years full-time or equivalent part-time.

Assumed Knowledge:

Students must have Advanced Mathematics (ACT) Mathematics 2u or 3u (NSW) and English (T) (ACT) or English 2u (NSW) or their equivalents. International students should have the normal English language requirements of the University.

Course Requirements:

At least 94 credit points comprising:

- 24 credit points from a Common Core in Accounting, Banking and Finance
- 24 credit points from a Specific Core in Accounting
- 24 credit points from a professional sequence approved by the course convener which should include a sequence of at least 12 credit points from an [approved major](#) in an unrelated discipline and the subject [004838](#) Ethics.
- 22 credit points from an arts major approved by the course convener that is outside the field of accounting and related commerce disciplines. This would normally be chosen from the current schedule of [Approved 'Arts' Majors](#).

Course Convener:

Mrs Judy Paterson 6C25 (02) 6201 2019
School of Business

Typical Full-time Course Structure:

The first year program is as for the [Bachelor of Commerce in Accounting \(345AA\) degree](#). Three further years' full-time study of a mixture of accounting and arts subject leads to the award of the double degree.

Degree of Bachelor of Business Administration/ Degree of Bachelor of Commerce in Accounting (452AA)

This course is designed for students who intend to work in a commercial environment, either in the private or public sectors. As well as acquiring a broad knowledge of all the major business disciplines, students will complete majors in business management and accounting and extend their knowledge of accounting. Students will also develop a broad range of analytical skills necessary to function successfully in a business and financial accounting environment.

Course Duration:

4 years full-time or equivalent part-time, maximum 16 semesters.

Assumed Knowledge:

ACT: English (T) major and Advanced Mathematics; NSW: 2u English and 2u Mathematics.

Course Requirements:

At least 94 credit points comprising:

52 credit points from the Specific Core in Business and Accounting (refer to the typical course structure set out below)

14 credit points from an [Approved Minor](#) in either Employment Relations or Human Resource Management

16 credit points from an approved professional option in Accounting

12 credit points from a professional sequence approved by the course convener

Approved Minors:

For information on the subjects comprising approved minors, refer to the information given refer to the information given in the [BBA \(444AA\)](#).

Professional Sequence and Professional Recognition in Accounting:

Refer to the information given for the [Bachelor of Commerce in Accounting \(345AA\)](#).

Course Advice:

Students should consult the course convener.

Course Convener:

Degree of Bachelor Commerce in Accounting / Degree of Bachelor of Information Technology (475AA)

This double degree program is for students of high ability who aim to follow flexible career paths in accounting and information technology. Students will develop a broad range of technical, analytical and communication skills to address the needs of modern organisations in the public or private sectors. Students complete the Bachelor of Commerce in Accounting concurrently with the Bachelor of Information Technology. The combined course consists of a specific core in accounting, a specific core in information technology, and a professional sequence.

Course Duration:

4 years full-time or equivalent part-time.

Assumed Knowledge:

Students must have Advanced Mathematics (ACT) Mathematics 2u or 3u (NSW) and English (T) (ACT) or English 2u (NSW) or their equivalents.

Course Requirements:

At least 99 credit points comprising:

24 credit points from the Common Core in Accounting, Banking and Finance
24 credit points from the Specific Core in Accounting
8 credit points from a Professional Sequence
(refer to the information for the Bachelor of Commerce in Accounting (345AA)).

43 credit points from Information Technology core subjects.
(refer to the information for the [Bachelor of Information Technology \(322AA\)](#), [004493](#) Professional Communication Skills not required)

Course Advice:

Students seeking course advice should contact the course convener.

Degree of Bachelor of Commerce in Accounting/ Degree of Bachelor of Laws (414AA)

The program is for students of high ability who aim to make careers in the important legal aspects of accounting, gaining full professional status in both the legal and the technical fields. The degree in law may be awarded with honours.

To enable completion of the two degrees in a minimum of five years, students complete the Approved Major in Law as the elective approved major component of the accounting degree course. It is important therefore to follow closely the typical study program as shown below, to achieve the minimum times. An information pamphlet on the course structure of double degree course may be obtained from the School of Law office (6C38).

Course Duration:

5 years full-time; maximum period of study 8 years.

Assumed Knowledge:

ACT: English (T) major and Advanced Mathematics; NSW: 2u English and 2u Mathematics.

Admission Requirements:

Admission to a double degree course will ensure that the student will be permitted to proceed into the Bachelor of Laws component of the course. However, before the final two years (full-time equivalent) of the Bachelor of Laws course can be undertaken, students undertaking a double degree must have satisfied the academic requirements for the first degree in the double degree course.

Administrative Arrangements:

The Administrative Officer of the School of Law may be consulted in regard to double degree courses offered entirely in the Division of Management and Technology, or refer to the information pamphlet on the course structure of double degree courses.

Students undertaking the double degree course will be awarded the first degree in the double degree course upon completion of the academic requirements for that degree.

Course Structure:

At least 120 credit points comprising:

18 credit points from a Common Core in Accounting, Banking & Finance/Law

24 credit points from a Specific Core in Accounting

4 credit points from the subject [004838](#) Ethics

22 credit points from the Approved Major in Law

52 credit points from the Specific Core in Law

The subject [004623](#) Litigation & Dispute Processing LLB may also be undertaken.

Common Core in Accounting, Banking and Finance/Law:

[004824](#) Accounting and Finance 1A

[004825](#) Accounting and Finance 1B

[004831](#) Accounting Information Systems

[003539](#) Business Statistics 1

[000034](#) Macroeconomics 1

[000020](#) Microeconomics

Specific Cores in Accounting and in Law:

Refer to the information given in the Bachelor of Commerce in Accounting (345AA) and the Bachelor of Laws (349AB).

Approved Major in Law:

Refer to the information given under the approved majors listing in the Handbook.

Honours:

For the academic requirements for the Bachelor of Laws with Honours course, refer to the information given for the Bachelor of Laws (349AA).

Professional Recognition:

The Bachelor of Laws program is recognised by the Supreme Court of the Australian Capital Territory for the purpose of admission to legal practice. For information on the professional recognition of the Bachelor of Commerce in Accounting degree, refer to the entry for course (345AA).

Degree of Bachelor of Applied Economics/ Degree of Bachelor of Communication (Advertising/ Marketing Communication) (577AD)

This double degree provides a balanced mixture of the analytical and practical skills required for a career in applied economics or advertising/marketing communication. The breadth offered by the double degree given graduates a broader perspective, provides greater vocational flexibility and increases the range of employment opportunities in both the private and public sectors.

An added attraction of the program is that students who meet the requirements of one degree may graduate in that degree before completing the double degree program.

Course Duration:

4 years full-time or equivalent part-time.

Assumed Knowledge:

ACT: Advanced Mathematics and English (T) or their equivalents. NSW: 2u or 3u Mathematics or 2u English or their equivalents. International students should have the normal English language requirements of the University.

Course Requirements:

At least 94 credit points comprising:

a. 47 credit points from the specific core in Applied Economics, including:

- o 9 credit points Foundation subjects
 - [004849](#) Australian Economy
 - [003539](#) Business Statistics 1
 - [004277](#) Media Representation & Analysis
- o 22 credit points from the approved Economics major either Commerce or Arts type (recommended). Refer to [the listing of approved majors](#) in the Electives section of the Handbook.
- o 16 credit points professional option in Economics - for subject choices available, refer to the listing given for the [degree course in Applied Economics \(278AA\)](#)

b. 22 credit points from the specific core in Advertising/Marketing Communication:

- [005569](#) Professional Communication Foundations
- [005570](#) Professional Communication Theory and Management
- [002483](#) Advertising Strategy
- [002484](#) Advertising Operations

Any two subjects from:

- [004243](#) International Advertising
- [004244](#) Copywriting
- [004240](#) Integrated Communications Campaigns

c. 25 credit points from the common core in Communication and Media

- [005559](#) Communication Foundations
- [005564](#) Internet Media and Communications
- [004013](#) Communication Traditions
- [005561](#) Communication and Media Research
- Plus:*
 - [005823](#) Media Industries *or*
 - [005568](#) New Technology and Globalisation *or*
 - [005566](#) Language, Culture and Society
- Plus:*
 - [005560](#) Communication History *or*
 - [005571](#) Political Communication *or*
 - [005563](#) Culture, Identity and Postcoloniality
- Plus:*
 - [005824](#) Media Audiences *or*
 - [004669](#) Organisational Communication *or*
 - [005562](#) Contemporary Cultural Practice

Course Convener:

Ms Heather Prior 6D13 (02) 6201 2991
School of Business

Degree of Bachelor of Communication : Advertising/ Marketing Communication / Degree of Bachelor of Laws (403AD)

This course would be useful to students with a particular interest in law and who wish to combine their advertising/marketing communication studies with training in law.

Course Duration:

5 years full-time, maximum 20 semesters.

Assumed Knowledge:

ACT: English (T) major; NSW: 2u English.

Course Requirements:

At least 124 credit points comprising:

28 credit points from the Specific Core in Advertising/Marketing Communication
22 credit points from the Common Core in Communication
22 credit points from the Approved Major in Law
52 credit points from the Specific Core in Law
The subject [004623](#) Litigation & Dispute Processing (LLB) may also be undertaken.

Refer to the information given for the Advertising/Marketing Communication course for details of the Specific Core in Advertising/Marketing Communication, and to the Law degree course (349AB) for details of the Specific Core in Law. Information on approved majors is given under that listing in the Handbook.

Honours:

The law degree may be awarded with honours. Refer to the entry under Law degree with honours in the Division of Management and Technology section of the Handbook for the academic requirements.

Course Advice:

Students may consult the appropriate course convener.

Course Convener for Advertising/Marketing Communication:

Associate Professor Felix Stravens 1C120 (02) 6201 2906

Course Convener for Law:

Mr Arthur Hoyle
School of Law
Room 6C40 Phone 6201 5772.

This information has been updated since the publication of the printed edition of the Handbook.

Degree of Bachelor of Applied Science (Human Biology)/ Degree of Bachelor of Applied Economics (595AA)

This double degree program is designed to provide students with the basic conceptual and analytical skills required for a professional career in economics and science. The breadth offered by the double degree gives graduates a broader perspective, provides greater vocational flexibility and increases the range of employment opportunities in both the private and public sectors.

Normally students are able to graduate with either a degree of Bachelor of Applied Science or Bachelor of Applied Economics at the end of three years.

Duration:

8 semesters, maximum 20 semesters.

Admission requirements:

Applicants must meet normal University requirements for admission to an undergraduate course or hold qualifications deemed to be equivalent by the University's Admissions Committee.

Assumed knowledge:

Includes, for the ACT: Majors in Chemistry (T) and/or Biology (T), English (T) and Mathematics (T); and for NSW: 2u Chemistry and/or Biology, 2u English and 2u Mathematics.

Academic requirements:

At least 95 credit points comprising the following components:

- a. 45 credit points in Applied Science (Human Biology) comprising:
 - i. 21 credit points - Core subjects *and*
 - ii. 24 credit points - Human Biology stream
- b. 50 credit points in Applied Economics comprising:
 - i. 12 credit points - Foundation subjects *and*
 - ii. 22 credit points - Economics major, either Arts type *or* Commerce type, *and*
 - iii. 16 credit points - Professional option of Marketing

Degree of Bachelor of Applied Economics/ Degree of Bachelor of Communication (Journalism) (577AB)

This double degree provides a balanced mixture of the analytical and practical skills required for a career in applied economics or journalism. The breadth offered by the double degree gives graduates a broader perspective, provides greater vocational flexibility and increases the range of employment opportunities in both the private and public sectors.

An added attraction of the program is that students who meet the requirements of one degree may graduate in that degree before completing the double degree program.

Course Duration:

4 years full-time or equivalent part-time.

Assumed Knowledge:

ACT: Advanced Mathematics and English (T) or their equivalents. NSW: 2u or 3u Mathematics or 2u English or their equivalents. International students should have the normal English language requirements of the University.

Course Requirements:

At least 98 credit points comprising:

- a. 47 credit points form the specific core in Applied Economics, including:
 - o 9 credit points foundation subjects
 - [004849](#) Australian Economy
 - [003539](#) Business Statistics 1
 - [005884](#) Introduction to Australian Government
 - o 22 credit points from an Approved Economics major, either Commerce or Arts type (recommended). Refer to the [listing of Approved majors](#) in the Electives section of the Handbook.
 - o 16 credit points professional option in Economics - for subject choices available, refer to the listing given for the [degree course in Applied Economics \(278AA\)](#).

- b. 30 credit points from the specific core in Journalism

[005565](#) Introduction to Journalism
[005955](#) Investigative Journalism
[000952](#) Law of Communication
[005572](#) Reporting

Professional Options:

one of the following two alternatives:

Broadcast Journalism

[001831](#) Broadcast Journalism 1
[001832](#) Broadcast Journalism 2

Degree of Bachelor of Applied Economics/ Degree of Bachelor of Laws (416AA)

This program is for students of high ability who seek careers in the important legal aspects of economics. Graduates who combine legal and economics training are highly sought after in the University's catchment area.

To enable completion in a minimum of five years, time savings are arranged mainly by taking LLB subjects as the second major of the existing Bachelor of Applied Economics course. It is important to follow closely the typical study program shown below to achieve minimum times. An information pamphlet on the course structure of double degree courses with law may be obtained from the School of Law office (6C38).

Course Duration:

5 years full-time or equivalent part-time.

Assumed Knowledge:

ACT: English (T) major and Advanced Mathematics; NSW: 2u English and 2u Mathematics.

In the absence of this background, students can undertake mathematical studies designed to provide basic numeracy skills.

Admission Requirements:

Admission to a double degree course will ensure that the student will be permitted to proceed into the Bachelor of Laws component of the course. However, before the final two years (full-time equivalent) of the Bachelor of Laws course can be undertaken, students taking a double degree must have satisfied the academic requirements for the first degree in the double degree course.

Administrative Arrangements:

The Administrative Officer of the School of Law may be consulted in regard to double degree courses offered entirely in the Division of Management and Technology, or refer to the information pamphlet on the course structure of double degree courses.

Students undertaking the double degree course will be awarded the first degree in the double degree course upon completion of the academic requirements for that degree.

Course Requirements:

At least 124 credit points comprising:

50 credit points from the Specific Core in Applied Economics, refer to the [Bachelor of Applied Economics degree \(course 278AA\)](#)

22 credit points from the Approved Major in Law, refer to the [Bachelor of Laws degree \(course 349AB\)](#)

52 credit points from the Specific Core in Law, refer to the [Bachelor of Laws degree \(course 349AB\)](#)

The subject [004623](#) Litigation and Dispute Processing LLB may also be undertaken, raising the credit points taken to 128.

Professional Recognition:

The Bachelor of Laws program is recognised by the Supreme Court of the Australian Capital Territory for the purpose of admission to legal practice.

Degree of Bachelor of Applied Psychology/Degree of Bachelor of Arts (670AA)

The degree in Applied Psychology provides the basic academic training required for those wishing to pursue qualification as a professional psychologist. A solid grounding is provided in all areas of psychology, including social and developmental psychology, learning, psychopathology, perception, biological bases of behaviour, personality and individual differences, cognition, and research methods and statistics. With the growing complexity of psychological knowledge, postgraduate study is essential for professional practice.

The Arts degree provides access to general education, obtained through contact with a wide range of disciplines, and leaves options open for further study or for specific careers training upon graduation.

Course Duration:

4 years full-time or equivalent part-time; maximum 20 semesters.

Assumed Knowledge:

ACT: English (T) major; NSW: 2u English

Course Requirements:

At least 94 credit points comprising the following:

- 41 credit points from a Specific Core in Applied Psychology;
- 22 credit points from an Approved Major in Arts (not psychology);
- 22 credit points from an Approved Major in Arts (not psychology); and
- 9 credit points from any 3 Level 1 subject.

Degree of Bachelor of Coaching Science/Degree of Bachelor of Applied Psychology (622AA)

The degree in psychology provides the basic academic training required for those wishing to qualify as a professional psychologist. A solid grounding is provided in all areas of psychology, including learning, cognition, personality, social and developmental psychology, psychopathology, perception, biological bases of behaviour, individual differences, and statistics. With the growing complexity of psychological knowledge, postgraduate study after a three-year degree is essential for professional practice. The coaching science degree provides students with an understanding of the principles, knowledge and skills involved in becoming a competent sports coach or sport scientist. Graduates can expect to find employment in coaching children and adults, developing coaching resources and facilities, and in sport development in Commonwealth and State Government departments of sport and recreation. Moreover, training in both coaching science and psychology is ideal preparation for a career in sport psychology where professionals require tertiary qualifications in sports science and psychology.

Course Duration:

4 years full-time. Maximum 16 semesters.

Assumed Knowledge:

For the ACT: English (T) and Biology (T) and Mathematics (T) majors, plus Chemistry (T) major or Physics (T) major; for NSW: 2u English and 2u Mathematics and 2u Biology plus 2u Chemistry or 2u Physics.

With the growing complexity of psychological knowledge, postgraduate study after a three year degree is essential for professional practice.

The law degree prepares students for employment in the legal profession as either solicitors or barristers. It has a strong practical and skills orientation, and equips students with competencies in the basic areas of legal practice. It also has a strong commercial orientation which meets the educational requirements of graduates, thus making it attractive to other professions especially those from accounting, finance or administration. The course is designed for students intending to practice in law or accounting firms, or in the government. The capacity to enter legal practice gives graduates the flexibility to change careers if necessary.

Course Duration:

5 years full-time or equivalent part-time, maximum 20 semesters.

Assumed Knowledge:

Degree of Bachelor of Commerce in Banking and Finance/ Degree of Bachelor of Arts (625AA)

This program is for those who seek a professional qualification in banking and financial services but who also value the flexibility of a general education.

On completion, graduates will bring to their profession the broader perspective gained from their interdisciplinary studies. They will be able to apply relevant theories and techniques to the analysis and solution of problems in banking, finance and financial services; analyse the processes leading to the design, use and management of financial management information systems; serve, as professional specialists, in a range of managerial and managerial support functions; solve problems in accounting from the broader perspective of a general education, and apply skills acquired from their professional studies to other fields of social endeavour, communicate ideas clearly, both orally and in writing, and with appropriate use of technology, to a variety of audiences; and identify with and operate within the assumptions, standards and social values of the financial services industry.

Course Duration:

4 years full-time or equivalent part-time.

Assumed Knowledge:

Students must have Advanced Mathematics (ACT) Mathematics 2u or 3u (NSW) and English (T) (ACT) or English 2u (NSW) or their equivalents. International students should have the normal English language requirements of the University.

Course Requirements:

At least 94 credit points comprising:

- 24 credit points form a Common Core in Accounting, Banking and Finance
- 36 credit points from a Specific Core in Banking and Finance
- 12 credit points from an elective sequence approved by the course convener which should comprise a 12 credit-point sequence form an approved major in an unrelated discipline, or an 8 credit-point sequence from an approved minor in an unrelated discipline plus the subject [004838](#) Ethics.
- 22 credit points from an arts major approved by the course convener that is outside the field of banking and related commerce disciplines. This would normally be chosen from the current schedule of [Approved 'Arts' Majors](#).

Course Convener:

Mrs Judy Paterson 6C25 (02) 6201 2019
School of Business

Typical Full-time Course Structure:

The first year program is as for the [Bachelor of Commerce in Banking and Finance \(395AA\)](#) degree. Three further years' full-time study of a mixture of banking and finance and arts subjects leads to the award of the double degree.

Degree of Bachelor of Arts/Degree of Bachelor of Education (Secondary) (671AA)

This combined degree will comprise a degree in Education and a degree in Arts, specialising in the humanities, languages and/or social sciences.

This double degree provides a broad grounding in humanities, languages and/or social sciences subjects appropriate to the teaching of these subject areas in secondary schools. This will be combined with extensive theoretical and practical studies in education.

Course Duration:

Four years full time or equivalent part time. Maximum period of study is 10 years or 20 semesters.

Assumed Knowledge: ACT: English (T) major and Mathematics (T); NSW: HSC English and HSC Mathematics.

Course Requirements:

This course requires the completion of:

- a. six common core subjects within the School of Teacher Education
- b. three Secondary Teaching Studies subjects (School of Teacher Education)
- c. Promoting Positive Learning Environments (School of Teacher Education)
- d. a professional option of: three Professional Experience subjects
- e. and Teaching Internship (School of Teacher Education)
- f. thirteen subjects in humanities, languages and/or social sciences.

At least six of these subjects to be at Level 2 or above.

Students must complete studies in at least two broad areas. Students may elect to study at least two semester's subjects in Information Technology and qualify to teach in the latter area as their second teaching specialisation.

Total number of credit points is 98.

Professional Recognition:

It is anticipated that the double degree Bachelor of Arts/Bachelor of Education (Secondary) degree will be fully accredited and recognised as a teaching qualification throughout Australia.

Course Advice:

All students must seek the advice of the course convener for approval of their study program in appropriate teaching areas. Students may withdraw from the double degree and take out a Bachelor of Arts at the completion of the third year.

Course Convenors

Course Convener for Arts: Dr Tony Schirato 9C8 (02) 6201 2402 Course Convener for Education: Ms Rosemary King 5B73 (02) 6201 2983

Degree of Bachelor of Arts / Degree of Bachelor of Laws (401AA)

The basic structure of this double degree program is that students complete a law major in their first degree, and following completion of the arts degree they can then complete the law degree in a further two years of study.

Course Duration:

5 years full-time, maximum 20 semesters.

Assumed Knowledge:

ACT: English (T) major; NSW: 2u English.

Course Requirements:

At least 124 credit points comprising:

- 22 credit points from an Approved 'Arts' Major as approved by the course convener
- 22 credit points from the Approved Major in Law
- 14 credit points from an Approved Minor
- 14 credit points in the form of four elective subjects of which no more than two are to be at 3 credit point level
- 52 credit points from the Specific Core in Law

Approved 'Arts' Major:

Refer to the list given for the Bachelor of Arts degree above. Approved Major in Law, and Approved Minor: For details refer to the listings under those headings in the Handbook.

Electives:

Refer to subject descriptions in handbook and seek advice of course convener.

Specific Core in Law:

Refer to the Bachelor of Laws course (349AB) for details.

Honours:

The law degree may be awarded with honours. Refer to the entry under Law degree with honours in the Division of Management and Technology section of the Handbook for the academic requirements.

Course Advice:

Students may consult the appropriate course convener.

Course Convener for Arts:

Dr Tony Schirato 9C8 (02) 6201 2402

Course Convener for Law:

Mr Arthur Hoyle
School of Law
Room 6C40 Phone 6201 5772.

This information has been updated since the publication of the printed edition of the Handbook.

Degree of Bachelor of Business Administration/ Degree of Bachelor of Commerce in Banking and Finance (451AA)

This course is designed for students who intend to work in a commercial environment, either in the private or public sectors. It is especially designed for those intending to work in the financial sector or in financial sector supervision. As well as acquiring a broad knowledge of all the major business disciplines, students will complete majors in business management and banking and finance, and extend their knowledge in a financial market environment. Students will also develop a broad range of analytical skills necessary to function successfully in a business and financial sector environment.

Course Duration:

4 years full-time or equivalent part-time, maximum 16 semesters.

Assumed Knowledge:

ACT: English (T) major and Advanced Mathematics; NSW: 2u English and 2u Mathematics.

Course Requirements:

At least 94 credit points comprising:

61 credit points from a Specific Core in Business and Banking and Finance (refer to the typical course structure set out below).

14 credit points from an Approved Minor in either Employment Relations or Human Resource Management

16 credit points from an approved Professional Option in Banking and Finance

Approved Minors:

For information on the subjects comprising approved minors, refer to the information given refer to the information given in the [BBA \(444AA\)](#).

Professional option in Banking and Finance:

Refer to the information given for the Bachelor of Commerce in [Banking and Finance \(395AA\)](#).

Course Advice:

Students are advised to consult the course convener.

Degree of Bachelor of Commerce in Banking and Finance/ Degree of Bachelor of Laws (415AA)

The program is for students of high ability who aim to make careers in the important legal aspects of banking and finance, gaining full professional status in both the legal and the technical fields. The program contains the Bachelor of Laws (LLB) course as its second degree-equivalent section. The law degree may be awarded with honours.

To enable completion in a minimum of five years, time savings are arranged mainly by taking LLB subjects as the management and general elective components of the existing BCom in Banking and Finance course. It is important therefore to follow closely the typical study program as shown below, to achieve the minimum times.

Course Duration:

5 years full-time; maximum period 20 semesters.

Assumed Knowledge:

ACT: Advanced Mathematics and English (T) major; NSW: 2u or 3u Mathematics, 2u English.

Admission Requirements:

Admission to a double degree course will ensure that the student will be permitted to proceed into the Bachelor of Laws component of the course. However, before the final two years (full-time equivalent) of the Bachelor of Laws course can be undertaken, students undertaking a double degree must have satisfied the academic requirements for the first degree in the double degree course.

Administrative Arrangements:

The Administrative Officer of the School of Law may be consulted in regard to double degree courses offered entirely in the Division of Management and Technology. An information pamphlet on the course structure of the double degree courses may also be obtained from the School of Law office (6C38).

Students undertaking the double degree course will be awarded the first degree in the double degree course upon completion of the academic requirements for that degree.

Course Requirements:

At least 124 credit points comprising:

- a. 50 credit points from a Core Program including:
 - i. 18 credit points from a Common Core in Accounting, Banking & Finance/Law
 - ii. 32 credit points from a Specific Core in Banking & Finance/Law
- b. 22 credit points from the Approved Major in Law
- c. 52 credit points from the Specific Core in Law
- d. The subject [004623](#) Litigation & Dispute Processing LLB may also be undertaken.

Common Core in Accounting, Banking and Finance/Law:

[004824](#) Accounting and Finance 1A
[004825](#) Accounting and Finance 1B
[004831](#) Accounting Information Systems
[003539](#) Business Statistics 1

Degree of Bachelor of Engineering in Computer Engineering/ Degree of Bachelor of Laws (409AA)

The program is for students of high ability who aim to make careers in the legal aspects of computer engineering, gaining full professional status in both the legal and the technical fields. The program contains the Bachelor of Laws (LLB) course as its second degree-equivalent section. Both degrees may be awarded with honours.

To enable completion in a minimum of six years, time savings are arranged mainly by taking LLB subjects as the management and general elective components of the existing BE course. It is important, therefore, to follow closely the study program arranged by the course convener to achieve the minimum time.

An information booklet on the course structure of double degree courses may also be obtained from the School of Law office (6C31).

Course Duration:

6 years full-time; maximum 24 semesters.

Assumed Knowledge:

ACT: Advanced Mathematics Extended, and Physics (T), English (T) majors; NSW: 3u or 4u Mathematics, 2u Physics, 2u English.

Admission Requirements:

The entry level for each double degree course is determined within the Division of Management and Technology. Admission to a double degree course will ensure that the student will be permitted to proceed into the Bachelor of Laws component of the course. However, before the final two years (full-time equivalent) of the Bachelor of Laws course can be undertaken, students undertaking a double degree must have satisfied the academic requirements for the first degree in the double degree course.

Administrative Arrangements:

Students undertaking the double degree course will be able to be awarded the first degree in the double degree course upon completion of the academic requirements for that degree.

Course Requirements:

At least 158 credit points comprising:

92 credit points from the Specific Core in Computer Engineering/Law

14 credit points from the minor in Applied Mathematics

52 credit points from the Specific Core in Law

The subject [004623](#) Litigation & Dispute Processing (LLB) may also be taken.

Course Structure:

The course structure of the double degree course requires that students admitted to a double degree course must undertake 6 required law subjects as part of the first degree course in the double degree sequence. In some semesters students will be required to undertake a workload in excess of the load normally associated with study of the engineering course alone.

At the completion of the requirements of the Bachelor of Engineering in Computer Engineering (including the 6 required law subjects mentioned above), students will undertake 11 core LLB subjects (amounting to 44 credit points) and 4 elective law subjects (amounting to at least 12 credit points).

Professional Recognition:

The Bachelor of Engineering in Computer Engineering degree is accredited with the Australian Computer Society, and fully recognised by the Institution of Engineers, Australia. The Bachelor of Laws has been recognised by the ACT Supreme Court for the purpose of admission.

Course Convener for this double degree:

To be advised
School of Information Sciences & Engineering

Mr Arthur Hoyle
School of Law
Room 6C40 Phone 6201 5772.

Degree of Bachelor of Applied Science (Cultural Heritage Studies)/ Degree of Bachelor of Communication (Information) (624AA)

[no student intake in 2003]

The course is designed to provide students with combined expertise in both management of information and preservation management. The information studies component of the degree contributes strengths in communication, information management and research, and technology. A year-long internship provides graduates with work experience that links theory and current professional practice. Preservation management has many facets and may include managing the transfer of information contained in cultural materials into digital or other forms in order to preserve the original material while enhancing public access. It may also include managing the technology changes. Information management and preservation management are therefore natural partners in the information age. The richness and breadth of the degree will enhance employment opportunities in cultural organizations such as libraries, archives and museums.

Learning outcomes:

At the end of the course, students will be able to:

- Identify, conserve, manage and interpret heritage resources with an understanding of ethical issues
- Be familiar with the history, technology, chemistry and deterioration of materials found in cultural organizations, and understand the chemistry of conservation process
- Demonstrate an understanding of human and technological elements of information, its storage, retrieval and effective use
- Evaluate, select and apply appropriate technology to meet information needs and to provide access to information
- Apply principles of project management, information systems, and systems analysis and design
- Demonstrate an understanding of communication and information theory and research and issue involved
- Demonstrate client-focused commitment and professional attitudes.

Course Duration:

4 years full-time or equivalent part-time; maximum 20 semesters

Assumed Knowledge:

ACT major in English (T); NSW major 2u English.

Course Requirements:

At least 97 credit points as follows:

- 44 credit points in Cultural Heritage Studies comprising:
 - o 19 credit points from the Cultural Heritage Studies core as follows:

[003699](#) Technical Examination Methods
[003693](#) Heritage Preservation
[005003](#) Cultural Heritage Management
[004998](#) Issues in Cultural Heritage Management
[004893](#) Cross Cultural Heritage Management

or as agreed by the course convener

- 25 credit points from the Cultural Materials stream as follows:

[005827](#) Materials Science – Paper
[001516](#) Chemistry 1A
[001517](#) Chemistry 1B
[004742](#) Materials Chemistry
[004729](#) Analytical Chemistry
[004891](#) Conservation Practice 1
[004892](#) Conservation Practice 2

AND

- 53 credit points in Communication: Information comprising:
 - o 20 credit points from core Communication subjects as follows:

[005559](#) Communication Foundations
[005564](#) Internet Media and Communication
[004013](#) Communication Traditions
[004277](#) Media Representations and Analysis
[005561](#) Communication and Media Research

Communication option from:

[005567](#) Mass Communication Theory or [005568](#) New Technology and Globalisation or [005566](#) Language, Culture and Society or [005563](#) Culture, Identity and Postcoloniality or [005562](#) Contemporary Cultural Practice.

- 33 credit points from the specific core in Information as follows:

[001376](#) Information Provision
[005545](#) Web Delivery of Information
[004941](#) Introduction to Information Systems
[003752](#) Management of Archives
[004939](#) Foundations of Systems Analysis and Design
[005821](#) Information Organisation
[003758](#) Information Retrieval
[004521](#) Partners in Learning
[004105](#) Supervisory Management

Professional Recognition:

Course components are recognised by the Australian Computer Society, the Australian Library and Information Association, and the Records Management Association of Australia.

Course Advice:

Students should consult either of the course conveners.

Course Conveners:

Associate Professor Peter Clayton 1C110 (02) 6201 5431
 School of Information Management and Tourism

Tracey Golds 7D 15 (02) 6201 2018

Degree of Bachelor of Science/Degree of Bachelor of Education (Secondary) (656AA)

This combined degree will comprise a degree in Education and a degree in Science, specialising in Science or Mathematics.

This double degree provides a broad grounding appropriate to the teaching of these subject areas in secondary schools. This will be combined with extensive theoretical and practical studies in education.

Course Duration:

Four years full time or equivalent part time. Maximum period of study is 10 years or 20 semesters.

Assumed Knowledge:

ACT, English (T) major and for NSW English Advanced. It is also dependant on teaching specialisation, for example;

- For Science teaching specialisation: ACT: A major in Biology, Chemistry, or Physics plus Mathematics (T) and English (T), NSW: HSC Biology, Chemistry, or Physics plus Maths, HSC English.
- For Mathematics specialisation: ACT: At least a major in Advanced Mathematics, NSW: HSC Mathematics Extension, HSC English.

Course Requirements:

This course requires the completion of:

- a. six common core subjects within the School of Teacher Education
- b. three Secondary Teaching Studies subjects (School of Teacher Education)
- c. Education Research Colloquium (School of Teacher Education)
- d. a professional option of: three Professional Experience subjects
- e. and Teaching Internship (School of Teacher Education)
- f. thirteen subjects in Science or Mathematics. At least six of these subjects to be at Level 2 or above.

In science students must complete studies in at least two broad areas. This must include at least two semesters study in either Chemistry or Physics. Note that students specialising in Mathematics and who complete two semesters study in Information Technology will qualify to teach in this area as their second teaching specialisation.

The total number of credit points is 98.

Professional Recognition:

It is anticipated that the double degree Bachelor of Science/Bachelor of Education (Secondary) degree will be fully accredited and recognised as a teaching qualification throughout Australia.

Course Advice:

All students must seek the advice of the course convener for approval of their study program in an appropriate teaching area.

Students may withdraw from the double degree and take out a Bachelor of Science at the completion of the third year.

Course Convener for Science:

to be advised

Course Convener for Education:

to be advised

Degree of Bachelor of Applied Science (Human Biology - Forensic Science) / Degree of Bachelor of Laws (594AA)

This program is for students of high ability who aim to make careers in legal areas associated with forensic science. The program contains the Bachelor of Laws (LLB) course as its second degree-equivalent section.

This double degree provides the qualifications to practice as a lawyer as well as the skills to work as a laboratory scientist. As a lawyer they will be able to meaningfully cross-examine expert witnesses in the medical fields. As a scientist they will have a better idea of the legal ramifications of their research activities. The breadth offered by the double degree gives graduates a broader perspective, provides greater vocational flexibility and increases the range of employment opportunities in both the private and public sectors.

Students are able to graduate with a degree of BAppSc at the end of three years.

An information booklet on the course structure of double degrees may also be obtained from the School of Law office (6C31).

Course Duration:

5 years full-time, maximum 20 semesters.

Assumed Knowledge:

ACT: Majors in Chemistry (T) and/or Biology (T), English (T) and Mathematics (T); NSW: 2u Chemistry and/or Biology, 2u English and 2u Mathematics.

Admission Requirements:

Admission to a double degree course will ensure that the student will be permitted to proceed in the Bachelor of laws component of the course. However, before the final two years (full-time equivalent) of the Bachelor of Laws course can be undertaken, students undertaking a double degree must have satisfied the academic requirement for the first degree in the double degree course.

Administrative Arrangements:

Students undertaking the double degree course will be awarded the first degree in the double degree course upon completion of the academic requirements for that course.

Course Requirements:

At least 133 credit points comprising:

- 55 credit points from a Specific Core in Human Biology
- 22 credit points from an approved Major in Law
- 52 credit points from the Specific Core in Law
- 4 credit points from the subject [004623](#) Litigation and Dispute Processing (LLB).

Course Conveners:

Degree of Bachelor of Applied Science (Human Biology)/ Degree of Bachelor of Information Technology (601AA)

This double degree program is designed to provide students with the basic conceptual and analytical skills required for a professional career in science and information technology. The breadth offered by the double degree gives graduates a broader perspective, provides greater vocational flexibility and increases the range of employment opportunities in both the private and public sectors.

Normally students are able to graduate with either a degree of Bachelor of Applied Science or Bachelor of Information Technology at the end of three years.

Duration:

8 semesters, maximum 20 semesters

Admission requirements:

Applicants must meet normal University requirements for admission to an undergraduate course or hold qualifications deemed to be equivalent by the University's Admissions Committee.

Assumed knowledge:

Includes, ACT: Majors in Chemistry (T) and/or Biology (T), English (T) and Advanced Mathematics (T); NSW: 2u Chemistry and/or Biology, 2u English and 2u or 3u Mathematics.

Academic requirements:

At least 94 credit points comprising the following components:

- a. 48 credit points in Applied Science (Human Biology) comprising:
 - i. 21 credit points - Core subjects *and*
 - ii. 27 credit points - Human Biology stream
- b. 46 credit points in an Information Technology core:

Degree of Bachelor of Applied Science (Human Biology) / Degree of Bachelor of Communication (Journalism) (602AA)

This double degree promotion is designed to provide students with the basic conceptual and analytical skills required to for a professional career in science and communication. The breadth offered by the double degree gives graduates a broader prospective, provides greater vocational flexibility and increases the range of employment opportunities in both the private and public sectors.

Normally students are able to graduate with either a degree of BAppSc or BComcn at the end of three years.

Duration:

4 years full-time or equivalent part-time, maximum 20 semesters.

Assumed Knowledge:

ACT: Majors in Chemistry (T) and/or Biology (T), English (T) and Mathematics (T); NSW: 2u Chemistry and/or Biology, 2u English and 2u Mathematics.

Admission Requirements:

Applicants must meet normal University requirements for admission to an undergraduate course or hold qualifications deemed to be equivalent by the University's Admissions Committee.

Course Requirements:

At least 95 credit points comprising the following components:

- a. 52 credit points in Applied Science (Human Biology) comprising
 - 21 credit points Core subjects
 - 31 credit points Human Biology stream
- b. 44 credit points in Communication (Journalism) comprising
 - 14 credit points Communication Core subjects
 - 26 credit points Journalism subjects
 - 4 credit points skills subjects

This includes choosing between broadcast journalism or print journalism as a professional option.

Degree of Bachelor of Communication : Information / Degree of Bachelor of Laws (592AA)

This course would be useful for students with a particular interest in law and who wish to combine their library and information studies with law training.

Course Duration:

5 years full-time, maximum 20 semesters.

Assumed Knowledge:

ACT: English (T) major; NSW: 2u English.

Course Requirements:

At least 128 credit points comprising:

- 20 credit points from a Common Core in Communication
- 34 credit points from a Specific Core in Information Management
- 22 credit points from the Approved Major in Law
- 52 credit points from the Specific Core in Law

The subject [004623](#) Litigation and Dispute Processing LLB may also be undertaken.

Refer to the information given for the Bachelor of Communication (Information) course for details of the Common Core in Communication and the Specific Core in Information Management, and refer to the Law course (349AB) for details of the Specific Core in Law. Information on approved majors is given under that listing in this Handbook.

Honours:

The law degree may be awarded with honours. Refer to the entry under the Law degree with honours in the Division of Management and Technology section of the Handbook for the academic requirements.

Course Advice:

Students should consult the course convener.

Degree of Bachelor of Information Technology / Degree of Bachelor of Laws (410AA)

The program is for students of high ability who aim to make careers in legal areas associated with computing, gaining full professional status in both the legal and computing fields. The program contains the Bachelor of Laws (LLB) course as its second degree-equivalent section. The Bachelor of Laws degree may be awarded with honours.

To enable completion in a minimum of five years, time savings are arranged mainly by taking LLB subjects as the elective components of the existing Bachelor of Information Technology course. It is important, therefore, to follow closely the study program arranged by the course convener to achieve the minimum time.

An information booklet on the course structure of double degree courses may also be obtained from the School of Law office (6C31).

Course Duration:

5 years full-time; maximum 20 semesters.

Assumed Knowledge:

ACT: Advanced Mathematics and English (T) major; NSW: 2u or 3u Mathematics and 2u English.

Admission Requirements:

Admission to a double degree course will ensure that the student will be permitted to proceed into the Bachelor of Laws component of the course. However, before the final two years (full-time equivalent) of the Bachelor of Laws course can be undertaken, students undertaking a double degree must have satisfied the academic requirements for the first degree in the double degree course.

Administrative Arrangements:

Students undertaking the double degree course will be able to be awarded the first degree in the double degree course upon completion of the academic requirements for that degree.

Course Requirements:

At least 124 credit points comprising:

68 credit points from the Specific Core in Information Technology/Law including

- i. 46 credit points from Information Technology subjects
- ii. 22 credit points from the [approved major](#) in Law

4 credit points from a [General Education](#) subject

52 credit points from the Specific Core in Law

The subject [004623](#) Litigation & Dispute Processing (LLB) may also be undertaken.

Course Structure:

The course structure of the double degree course requires that students admitted to a double degree course must undertake six required law subjects as part of the first degree course in the double degree sequence.

At the completion of the requirements of the Bachelor of Information Technology course (including the six required law subjects mentioned above), students will undertake 11 core LLB subjects (amounting to 44 credit points) and 4 elective law subjects (amounting to at least 12 credit points).

Professional Recognition:

The Bachelor of Information Technology degree is accredited with the Australian Computer Society. The Bachelor of Laws has been recognised by the ACT Supreme Court for the purpose of admission.

Course Convener:

Enquiries should be directed to the School of Information Sciences & Engineering 11B14 (02) 6201 2153

Course Convener for the double degree:

Mr Arthur Hoyle
School of Law
Room 6C40 Phone 6201 5772.

This information has been updated since the publication of the printed edition of the Handbook.

Degree of Bachelor of Management / Degree of Bachelor Information Technology (576AA)

This double degree course is designed for students who intend to follow career paths in either or both of management and information technology. Students are expected to find careers in either the private or public sectors. Students complete the Bachelor of Management and the Bachelor of Information Technology concurrently.

Course Duration:

4 years full-time or equivalent part-time.

Assumed Knowledge:

ACT: Advanced Mathematics and English (T) or their equivalents. NSW: 2u or 3u Mathematics and 2u English or their equivalents. International students should have the normal English language requirements of the University.

Course Requirements:

At least 96 credit points comprising of:

- a. 77 credit points from the following subjects:

[004849](#) Australian Economy
[005617](#) Accounting for Managers
[005884](#) Introduction to Australian Government
[000953](#) Social Research Methods
[004207](#) Introduction to Management
[004818](#) Organisational Behaviour
[004478](#) Introduction to Information Technology
[004483](#) Software Technology 1
[004470](#) Computing Mathematics 1
[004471](#) Computing Mathematics 2
[004820](#) Performance Management & Analysis
[004822](#) Public Sector Management
[004482](#) Software Technology 2
[004481](#) Systems Software
[004823](#) Strategic Management
[004817](#) Issues in Contemporary Management
[005885](#) Computing Project A
[005886](#) Computing Project B
[004473](#) Distributed Systems Technology

- b. **Either** 16 credit points from one of the 4 Management Professional Options listed below:

Comparative Public Sector Management
 Employment Relations
 Organisational Studies
 Public Policy

Or 8 credit points drawn from one of the Management Professional Options listed above AND 8 credit pointed from one of the four Information Technology Professional Options listed below:

Application Implementation
 Computer System Hardware
 Computing Theory
 Information Systems Management

- c. 3 credit points from an approved elective subject

Degree of Bachelor of Communication : Journalism / Degree of Bachelor of Laws (403AA)

This course would be useful to students with a particular interest in law and who wish to combine their journalism studies with training in law.

Course Duration:

5 years full-time, maximum 20 semesters.

Assumed Knowledge:

ACT: English (T) major; NSW: 2u English.

Course Requirements:

At least 124 credit points comprising:

30 credit points from a Specific Core in Journalism

17 credit points from the Communications and Media Core and the required subject, [000952](#) Law of Communications

3 credit points from an approved General Education subject

22 credit points from the Approved Major in Law

52 credit points from the Specific Core in Law

The subject [004623](#) Litigation and Dispute Processing LLB may also be undertaken.

Refer to the information given for the journalism course for details of the Specific Core in Journalism, and to the Law degree (349AB) course for details of the Specific Core in Law. Information on approved majors and general education subjects is given under those listings in this Handbook.

Honours:

The law degree may be awarded with honours. Refer to the entry under Law degree with Honours in the Division of Management and Technology section of the Handbook for the academic requirements.

Course Advice:

Students may consult the appropriate course convener.

Course Convener for Journalism:

Associate Professor Kerry Green 1C139 (02) 6201 5942

Course Convener for Law:

Mr Arthur Hoyle

School of Law

Room 6C40 Phone 6201 5772.

This information has been updated since the publication of the printed edition of the Handbook.

Degree of Bachelor of Landscape Architecture/ Degree of Bachelor of Resource and Environmental Science (623AB)

The aim of the double degree course in Landscape Architecture, Ecology and Environmental Science is to produce graduates who will enter the profession of Landscape Architecture with special expertise in environmental and biological resource management. The course emphasises the theory and practice of Landscape Architecture and the management of designed and natural environments. Students not wishing to continue with the double degree may exit with Bachelor of Landscape Architecture at the end of four years if they have passed the subjects required for the Landscape Architecture course. Leading to a professionally recognised award in accordance with the Australian Institute of Landscape Architects, graduates will be qualified to become member of the Australian Institute of Landscape Architects once they have completed the requisite period of professional experience.

Academic requirements:

At least 120 credit points comprising the following components:

56 credit points of subjects of the Landscape Architecture course

42 credit points of approved subjects of Resource, Environmental and Heritage Science
approved subjects

22 credit points of electives as two 11 credit point minors.

Duration:

10 semesters: maximum 20 semesters

Assumed Knowledge:

ACT: English (T) major; NSW English Advanced

Articulation arrangements:

On the advice of the course convener standing of up to 48 credit points may be recognised as satisfying part of the academic requirements of the course.

Course Conveners:

Dr Diane Firth 7A38 (02) 6201 2562

School of Design

Adrian Davey 3C50 (02) 6201 2517 School of Resource, Environmental and Heritage Sciences

Degree of Bachelor Arts in Professional Writing / Degree of Bachelor of Laws (474AA)

The basic structure of this double degree program is that students complete a law major in their first degree, and following completion of the professional writing degree they can then complete the law degree in a further two years of study.

Course Duration:

5 years full-time, maximum 20 semesters.

Assumed Knowledge:

ACT: Advanced Mathematics and English (T) major; NSW: 2u or 3u Mathematics, 2u English

Course Requirements:

At least 124 credit points comprising:

72 credit point Specific Core in Professional Writing/Law

42 credit point Specific Core in Law

4 credit points from the subject [004623](#) Litigation & Dispute Processing (LLB)

Specific Core in Professional Writing/Law:

Refer to the list given for the [Bachelor of Arts in Professional Writing](#) above.

Specific Core in Law:

Refer to the [Bachelor of Laws course \(349AB\)](#) for details.

Honours:

The law degree may be awarded with honours. Refer to the entry under Law degree with honours in the Division of Management and Technology section of the Handbook for the academic requirements.

Course Advice:

Students seeking course advice should contact the course convener.

Course Convener for Professional Writing:

Ms Jennifer Webb 9C12 (02) 6201 2321

Course Convener for Law:

Dr Bede Harris 6C40 (02) 6201 2969

Degree of Bachelor of Management / Degree of Bachelor of Laws (412AA)

The program is for students of high ability who aim to make careers in the important legal aspects of administration, gaining full professional status in both the legal and the technical fields. The program contains the Bachelor of Laws (LLB) course as its second degree-equivalent section. The degree in law may be awarded with honours.

To enable completion in a minimum of five years, time savings are arranged mainly by taking LLB subjects as the management and general elective components of the Bachelor of Management course. It is important therefore to follow closely the typical study program as shown below, to achieve the minimum times. An information pamphlet on the course structure of double degree courses may be obtained from the School of Law office (6C38).

Course Duration:

5 years full-time; maximum 20 semesters.

Assumed Knowledge:

ACT: English (T) major and Advanced Mathematics; NSW: 2u English and 2u Mathematics.

In the absence of an adequate mathematical background, students can undertake mathematical studies designed to provide basic numeracy skills.

Admission Requirements:

Admission to a double degree course will ensure that the student will be permitted to proceed into the Bachelor of Laws component of the course. However, before the final two years (full-time equivalent) of the Bachelor of Laws course can be undertaken, students undertaking a double degree must have satisfied the academic requirements for the first degree in the double degree course.

Administrative Arrangements:

The Administrative Officer of the School of Law may be consulted in regard to double degree courses offered entirely in the Division of Management and Law, or refer to the information pamphlet on the course structure of double degree courses.

Students undertaking the double degree course will be awarded the first degree in the double degree course upon completion of the academic requirements for that degree.

Course Requirements:

At least 124 credit points comprising:

50 credit points from the Specific Core in Administration including:

- i. 12 credit points from Foundation subjects
- ii. 22 credit points from the Approved Major in Management
- iii. 16 credit points from a Professional Option

22 credit points from the Approved Major in Law

52 credit points from the Specific Core in Law

The subject [004623](#) Litigation & Dispute processing LLB may also be undertaken.

Specific Cores in Administration and in Laws:

Refer to the information given for the [Bachelor of Management \(394AA\)](#) and the [Bachelor of Laws \(349AB\)](#).

Approved Majors in Law and Management:

Refer to the [listing for approved majors](#) in the Electives section of the Handbook.

Honours:

For the academic requirements for the Bachelor of Laws with Honours course, refer to the information given for the [Bachelor of Laws \(349AB\)](#).

Professional Recognition:

The Bachelor of Laws program is recognised by the Supreme Court of the Australian Capital Territory for the purpose of admission to legal practice.

Course Convener:

Mr Arthur Hoyle

School of Law

Room 6C40 Phone 6201 5772.

This information has been updated since the publication of the printed edition of the Handbook.

Degree of Bachelor of Communication : Media/Multimedia Production / Degree of Bachelor of Laws (403AB)

This course would be useful to students with a particular interest in law and who wish to combine their studies in media and multimedia production with training in law.

Course Duration:

5 years full-time, maximum 20 semesters.

Assumed Knowledge:

ACT: English (T) major; NSW: 2u English.

Course Requirements:

At least 124 credit points comprising the following components:

22 credit points from a Common Core in Communication

28 credit points from a specific core in Media

22 credit points from the Approved Major in Law

52 credit points from the Specific Core in Law

The subject [004623](#) Litigation and Dispute Processing LLB may also be undertaken.

Refer to the information given for the Media/Multimedia Production course for details of the required Core Program, and to the Law course (349AB) for details of the Specific Core in Law. Information on approved majors is given under that listing in this Handbook.

Honours:

The law degree may be awarded with honours. Refer to the entry for the Law degree course with honours in the Division of Management and Technology section of the Handbook for the academic requirements.

Course Advice:

Students may consult the appropriate course convener.

Course Convener for Media/Multimedia Production:

Mr Michael Sergi, 9C8 (02) 6201 2926/2972

Course Convener for Law:

Mr Arthur Hoyle

School of Law

Room 6C40 Phone 6201 5772.

This information has been updated since the publication of the printed edition of the Handbook.

Degree of Bachelor of Communication : Public Relations / Degree of Bachelor of Laws (403AC)

This course would be useful for students with a particular interest in law and who wish to combine their public relations studies with training in law.

Course Duration:

5 years full-time, maximum 20 semesters.

Assumed Knowledge:

ACT: English (T) major; NSW: 2u English.

Course Requirements:

At least 124 credit points comprising:

22 credit points from a Common Core in Communication

28 credit points a Specific Core in Public Relations

22 credit points from the Approved Major in Law

52 credit points from the Specific Core in Law

The subject [004623](#) Litigation and Dispute Processing LLB may also be undertaken.

Refer to the information given for the Public Relations course for details of the Common Core in Communication and the Specific Core in Public Relations, and to the Law degree course (349AB) for details of the Specific Core in Law. Information on approved majors is given under that listing in this Handbook.

Honours:

The law degree may be awarded with honours. Refer to the entry under the Law degree course with honours in the Division of Management and Technology section of the Handbook for the academic requirements.

Course Advice:

Students may consult the appropriate course convener.

Course Convener for Public Relations:

Mrs Raveena Singh 1C127 (02) 6201 2274

Course Convener for Law:

Mr Arthur Hoyle

School of Law

Room 6C40 Phone 6201 5772.

This information has been updated since the publication of the printed edition of the Handbook.

Degree of Bachelor of Science / Degree of Bachelor of Laws (402AA)

This double degree course is for students of high ability who aim to make careers in legal areas combined with an interest in particular aspects of science. The science component allows students great flexibility in their choice of subjects and enables them to keep a range of possible career options open. The law degree may be awarded with honours.

To enable completion in a minimum of five years, time savings are arranged mainly by taking LLB subjects as the elective components of the existing Bachelor of Science course. It is important, therefore, to follow closely the study program arranged by the course convener to achieve the minimum time.

An information booklet on the course structure of double degree courses may also be obtained from the School of Law office (6C31).

Course Duration:

5 years full-time; maximum 20 semesters.

Assumed Knowledge:

ACT: Mathematics (T), English (T), Chemistry (T) and/or Biology (T) majors; NSW: 2u Mathematics and 2u English and 2u Chemistry and/or 2u Biology.

Note that Physics (T) major for ACT, and 2u Physics for NSW, may be assumed depending on the choice of particular majors.

Admission Requirements:

Admission to a double degree course will ensure that the student will be permitted to proceed into the Bachelor of Laws component of the course. However, before the final two years (full-time equivalent) of the Bachelor of Laws course can be undertaken, students undertaking a double degree must have satisfied the academic requirements for the first degree in the double degree course.

Administrative Arrangements:

Students undertaking the double degree course will be able to be awarded the first degree in the double degree course upon completion of the academic requirements for that degree.

Course Requirements:

At least 124 credit points comprising:

44 credit points from two Approved 'Science' Majors

22 credit points from the Approved Major in Law

6 credit points from two mathematics or statistics subjects approved by the course convener

52 credit points from the Specific Core in Law

The subject [004623](#) Litigation & Dispute Processing (LLB) may also be undertaken.

Course Structure:

The course structure of the double degree course requires that students admitted to a double degree course must undertake six required law subjects as part of the first degree course in the double degree sequence.

At the completion of the requirements of the Bachelor of Science course (including the six required law subjects mentioned above), students will undertake 11 core LLB subjects (amounting to 44 credit points) and four elective law subjects (amounting to at least 12 credit points).

Professional Recognition:

The Bachelor of Laws course has been recognised by the ACT Supreme Court for the purpose of admission.

Course Convener for individual degrees:
