

# Bush setting, landscape and open spaces

## Natural systems

**Figure 4.100** UC's Campus will link regionally significant landscapes — recognising the importance of Black Mountain, Gossan Hill and Bruce Ridge Nature Reserve. The UC Campus will also be linked into the wider Aboriginal cultural landscape, recognising that it sits within a network of significant Indigenous sites and places that link Country and people together.

- Key**
- Natural landscapes
  - Biodiversity corridor
  - Waterbody
  - Ecology Walk
  - University of Canberra landholdings
  - Existing and proposed leases
  - Buildings
