

# MAKE YOUR CAREER IN Canberra

Welcome to Australia's capital, Canberra. We're a place of potential, which has consistently delivered the lowest unemployment rate in Australia, highest average income and countless industries for you to set your sights upon.

With a strong focus on practical learning, we want to help you get your career off to the right start. Our Work Integrated Learning program is incorporated into almost every degree meaning you'll have the opportunity to engage with industry, build connections and gain experience before you graduate. Professional Practice units are also a core component of many of our degrees which give you an orientation to industry, internships and, a professional evidence unit where you can demonstrate all that you have learned.
