COURSE GUIDE

UC IS BUILT ON NGUNNAWAL COUNTRY

Australia is the home of the world's oldest continuous living cultures.

At UC, we're committed to supporting Aboriginal and Torres Strait Islander peoples working to keep these cultures alive and vibrant.

Throughout your time at UC, you'll enjoy fantastic opportunities to celebrate Aboriginal and Torres Strait Islander cultures, whether that's through participating in Indigenous Australian events, course work or supporting advocacy activities.

In addition, UC promotes the educational and professional opportunities available to Indigenous Australian peoples. We provide diverse services to ensure Aboriginal and Torres Strait Islander students and staff are empowered to achieve their best in a welcoming, culturally safe and engaged environment.

The University of Canberra acknowledges the Ngunnawal people, traditional custodians of the lands where Bruce Campus is situated. We wish to acknowledge and respect their continuing culture and the contribution they make to the life of Canberra and the region. We also acknowledge all other First Nations Peoples on whose lands we gather.

HOW TO APPLY

UAC

In the Universities Admissions Centre (UAC), you'll have the opportunity to list up to five preferences. Every preference is an opportunity to gain admission into university — the more options you have, the more chances you have of securing a place. Start with your most preferred course in the first position and include others that interest you. You'll receive an offer for the first course in your list that you are eligible for. uac.edu.au

SCHOOLS RECOMMENDATION SCHEME

We also accept early applications through the Schools Recommendation Scheme (SRS) by using criteria other than the ATAR. This is based on your school's assessment and you should get in touch with them directly for more information.

PORTFOLIO ENTRY

The Faculty of Arts and Design at UC offers alternate entry via portfolio submission for applicants who may not meet the required entry rank. For more information, please visit canberra.edu.au/portfolio-entry

RETURNING TO STUDY AFTER A BREAK?

If you're not applying straight out of secondary school, you may be able to apply to UC directly and use a range of qualifications for admission including:

- Work experience that is documented and at least one year full-time

- VET or TAFE study of Certificate III or higher
- A UC College enabling course or diploma
- Any complete or incomplete tertiary study
- The Special Tertiary Admissions Test (STAT)

For more information, please visit: canberra.edu.au/get-into-uc

POSTGRADUATE STUDIES

Before you apply, you should choose your course of study, check the admission requirements and have your supporting documents ready. Detailed information on all courses offered at UC can be found by searching our online course finder:

canberra.edu.au/find-a-course

Most postgraduate applications can be submitted directly to the University, through UC's online application portal at canberra.edu.au/apply

THINGS TO KNOW:

Most courses can be deferred for up to 12 months! School leavers can apply through UAC to be considered for additional adjustment factors based on their subject results!

The Educational Access Scheme is available through UAC to aid students from disadvantaged backgrounds in meeting admission requirements! Adjustment factors are also available for students belonging to University Priority Groups.

Looking for a pathway to study? Check out the UC College for enabling programs and Diploma courses.

EARLY OFFER SCHEME

Are you a current year 12 student looking to apply to study at UC next year? You could receive an early admission offer under the Early Offer Scheme using criteria other than your ATAR!

HOW DOES IT WORK?

To be eligible for the Early Offer Scheme, you must be a current Year 12 student enrolled in a school located in the ACT or NSW and intending to go to university. For example, if you are studying a tertiary package in the ACT, pursuing the HSC leading to an ATAR in NSW, or are undertaking the International Baccalaureate (IB), you can apply for admission to the University of Canberra in advance of receiving your ATAR results, which will instead be based on your Year 11 results and a 300 word personal statement.

ARE ALL COURSES AVAILABLE?

The majority of undergraduate courses at UC are included in the Early Offer Scheme, but there are some that are excluded from this particular admission program. Make sure to check our list of eligible courses before applying. Lists are available on the website at: canberra.edu.au/early-offer-scheme

19 MAY Applications Open	17 AUG Applications Close	31 AUG Document Deadline	15 SEPT Offers Released

ACCELERATED PATHWAYS PROGRAM

ACT Y11–12 students can participate in our Accelerated Pathways Program. Our H Courses are accredited by the ACT Board of Senior Secondary Studies, and count as two units towards your Year 12 Senior Secondary School Certificate and ATAR. College students in the courses will be granted accesses to UC library, computer systems and facilities, and may receive credit towards a UC undergraduate course.

Courses require corequisite study at an ACT College, more information is available on our website: canberra.edu.au/accelerated-pathways-program

COURSES

 **Performance Analysis in Sport**

 **Creative Writing**

 **Politics and Democracy**

 **Anatomy and Physiology**

 **Psychology**

* Please refer to website for most up to date information.

ALTERNATIVE PATHWAYS

If you've got the will, we've got the way.

If you don't qualify for direct entry, don't stress — UC College is dedicated to making your dream to study at university a reality. Located centrally on campus, UC College provides an alternative entry pathway to the University of Canberra.

Kickstart your studies with UC College's range of Enabling and Higher Education Diploma Programs suited to both current school leavers and non-school leavers. The best bit? UC College's direct entry arrangement with the University of Canberra means you can jump straight into either the first or second year of a corresponding bachelor's degree after completing your course.*

If you've applied to UC directly but haven't received an offer, you'll automatically receive an offer from UC College. Our highly-qualified staff are here to make sure you graduate from UC College with the skills to take on a bachelor's degree.

Visit canberra.edu.au/uc-college to start your journey today.

UC College offers alternative entry through the Aboriginal and Torres Strait Islander Foundation Program. Designed to build higher education study skills, it's the perfect pathway for Aboriginal and Torres Strait Islander students seeking further development to meet UC's admission requirements and achieve success in higher education. Visit our website to find out how you can take control of your future today.

canberra.edu.au/future-students/study-at-uc/australian-indigenous-students

ENABLING ACCESS PROGRAMS

PROGRAM

UC Connect***

An enabling course for current school leavers who wish to study an undergraduate degree at UC and whose current academic qualifications do not allow them direct admission to the University.** Entry requirements: Completion of an equivalent Australian Year 12 qualification (education system of 12 years of schooling) with 3 passes in academic subjects*. For students interested in studying UC Connect please contact pathways@canberra.edu.au or to find more about offerings, duration and intakes.

UC Prep

A bridging course that helps prepare you for study in a UC undergraduate degree. It is ideal for students who may have not studied for some time. Entry requirements: It is designed for students who are 21 years or older, have been out of education for more than 2 years, and/or may have experienced hardship in their previous education. For students interested in studying UC Prep please contact pathways@canberra.edu.au or to find more about offerings, duration and intakes.

Aboriginal and Torres Strait Islander Foundation Program

A program to help build the skills needed for study at the University of Canberra.
Duration: 1 semester (6 months) or part-time equivalent | Intake: February, July
Entry requirements: Aboriginal and/or Torres Strait Islander potential student who didn't meet the admission requirements for university. Completion of an equivalent Australian Year 12 qualification (education system of 12 years of schooling) with 3 passes in academic subjects*.

PATHWAY TO UC

Successful completion guarantees entry into the first year of the corresponding UC Undergraduate degree.*
Alternatively, students who need additional academic support will be guaranteed entry into a UC College Diploma program, which upon completion provides direct access into the second year of the corresponding UC Undergraduate degree.*

Successful completion guarantees entry into the first year of the corresponding UC Undergraduate degree.*

Successful completion guarantees entry into the first year of the corresponding UC Undergraduate degree.*

HOW TO APPLY

1. Browse through our courses and choose the right one for you
2. To streamline your admission process, carefully read and make sure you meet the entry requirements before applying
3. Apply to UC College through UC's online applicant portal canberra.edu.au/apply-now or by emailing ucc.admissions@canberra.edu.au

For up-to-date course and fee information please visit canberra.edu.au/uc-college

If you would like to make an appointment with a UC College course adviser, contact UC College Student Centre on **+61 2 6201 2961** or email pathways@canberra.edu.au

FEES

If you're a domestic student, you may be eligible to access the Commonwealth Support Place (CSP) where the Australian Government subsidises your course fees, reducing the amount you owe.

There is also a Student Services Amenities Fee.

For more information, visit studyassist.gov.au

HIGHER EDUCATION DIPLOMAS

DIPLOMA DETAILS

PATHWAY TO UC*

Diploma of Business

Duration: 2 terms (8 months)
Intake: February, June and September
Course Code: 933AA

Intake: February, June and September**
Course Code: 199JA
UAC Code: 360035

Entry to 2nd year in:

- Bachelor of Building and Construction Management (Honours)
- Bachelor of Design (Industrial Design)
- Bachelor of Design (Visual Communication Design)

- Bachelor of Design (Interaction Design)
- Bachelor of Built Environment (Architecture)
- Bachelor of Built Environment (Interior Architecture)
- Bachelor of Landscape Architecture (Honours)*

Diploma of Health

Duration: 2 semesters (12 months)
Intake: February and July**
Course Code: 358JA
UAC Code: 360045

Entry to 2nd year in:

- Bachelor of Health Science
- Bachelor of Health Science (Human Movement)
- Bachelor of Science in Psychology

Diploma of Information Technology

Duration: 2 terms (8 months)
Intake: February, June and September**
Course Code: 935AA
UAC Code: 360010

Entry to 2nd year in:

- Bachelor of Business Informatics*
- Bachelor of Information Technology
- Bachelor of Software Engineering

Diploma of Science

Duration: 2 semesters (12 months)
Intake: February and July**
Course Code: 192JA
UAC Code: 360030

4 units (1 semester) of credit towards the following bachelor courses at University of Canberra:

- Bachelor of Science
- Bachelor of Science (Biomedical Science)
- Bachelor of Science (Environmental Science)
- Bachelor of Medical Science

For entry into all diploma programs requires completion of an equivalent Australian Year 12 qualification with 3 passes in academic subjects.

* A student's pathway depends on the overall results they achieve and course availability. Students must pass all course unit requirements within the program to be guaranteed entry into the University of Canberra.

** Limited places available — please refer to UC College website and/or pathways@canberra.edu.au for up to date course information

*** Enabling programs — course exemption: Bachelor of Physiotherapy and Bachelor of Midwifery. For full list of courses, please visit canberra.edu.au/uc-college

UC College and University of Canberra reserve the right at all times to withdraw or vary courses listed.

FLEXIBLE AND ONLINE STUDY

Looking for flexible, online courses that fit around your busy life? At the University of Canberra, we've got you covered. Our online university courses are designed for people who need convenience and flexibility, to help balance your studies with work, family or whatever else life throws at you.

STUDY OPTIONS

ONLINE COURSES

Study 100% online, with no in-person requirements.

ONLINE PLUS

Online Plus is all online, except where attendance at a physical location is required for professional accreditation (like a placement or intensive).

BLENDED LEARNING

Online lectures with some in-person requirements like presentations or group work. Check your course/unit page for details.

SUPPORTS

Online and blended students are able to access our virtual library, academic support services, IT support, financial support, employment and professional assistance with Careers UC, student welfare services, an online orientation and our interactive online learning platform.

Additionally, UC online students can access study materials, discussion forums and participate in webinars and virtual workshops to enhance their learning experience.

canberra.edu.au/online-courses

PARTNERS AND LOCATIONS

UC SYDNEY HILLS

The UC Sydney Hills has been run in collaboration with the Education Centre of Australia (ECA) since 2020. ECA is a diverse, multi-sector education group that operates at the forefront of Australian higher education.

As an expert in the international student market, ECA provides an extensive global network and unwavering commitment to their students. Their offerings include:

COURSE				
Bachelor of Nursing	65	3 years	Sem1; Sem 2	364JA
Bachelor of Early Childhood Education (Birth to Five)	60	3 years	Sem 1; Sem 2	EDB001
Master of Public Health (Extended)	PG	2 years	Sem 1; Sem 2	HLM102

TAFE QLD

UC and TAFE Queensland have been in a successful partnership since 2015, delivering a suite of creative industry programs at Mt Gravatt and South Bank. TAFE Queensland

is the largest and highly experienced training and educator provider in Queensland, providing practical and industry-relevant training. Their offerings include:

COURSE				
Bachelor of Built Environment (Architecture)	60	3 years	Sem 1; Sem 2	ABB001
Bachelor of Built Environment (Interior Architecture)	60	3 years	Sem 1; Sem 2	ABB002
Bachelor of Creative Industries (Acting and Performance)	60*	3 years	Sem 1	ARB401
Bachelor of Creative Industries (Contemporary Music Practice)	60*	3 years	Sem 1; Sem 2	ARB403
Bachelor of Creative Industries (Drama and Performance)	60	3 years	Sem 1; Sem 2	ARB404
Bachelor of Creative Industries (Visual Arts)	60*	3 years	Sem 1; Sem 2	ARB405
Bachelor of Creative Industries (Applied Fashion)	60*	3 years	Sem 1; Sem 2	ARB402
Bachelor of Digital Design (Digital Media)	60	3 years	Sem 1; Sem 2	ARB301
Bachelor of Digital Design (Game Design)	60	3 years	Sem 1; Sem 2	ARB302
Bachelor of Digital Design (Visual and Communication Design)	60	3 years	Sem 1; Sem 2	ARB303
Bachelor of Arts and Design (Honours)	PG	1 year	Sem 1; Sem 2	298JA

*Plus other criteria, please see website for details

TAFE NSW

UC has partnered with TAFE NSW since 2013. TAFE NSW, located at St Leonards in Northern Sydney, is one of Australia's leading vocational training and tertiary education providers,

offering an extensive range of courses led by industry-qualified and experienced teachers who bring up-to-date, real-world skills directly to the classroom. Their offerings include:

COURSE				
Bachelor of Event and Tourism Management	65	3 years	Sem 1	MGB401

CANBERRA INSTITUTE OF TECHNOLOGY

CIT's nationally recognised qualifications focus on developing practical skills and real world experience. Many of these courses have formal credit transfer arrangements or "pathways" to UC.

Find out more information at
cit.edu.au/study/apply/pathways

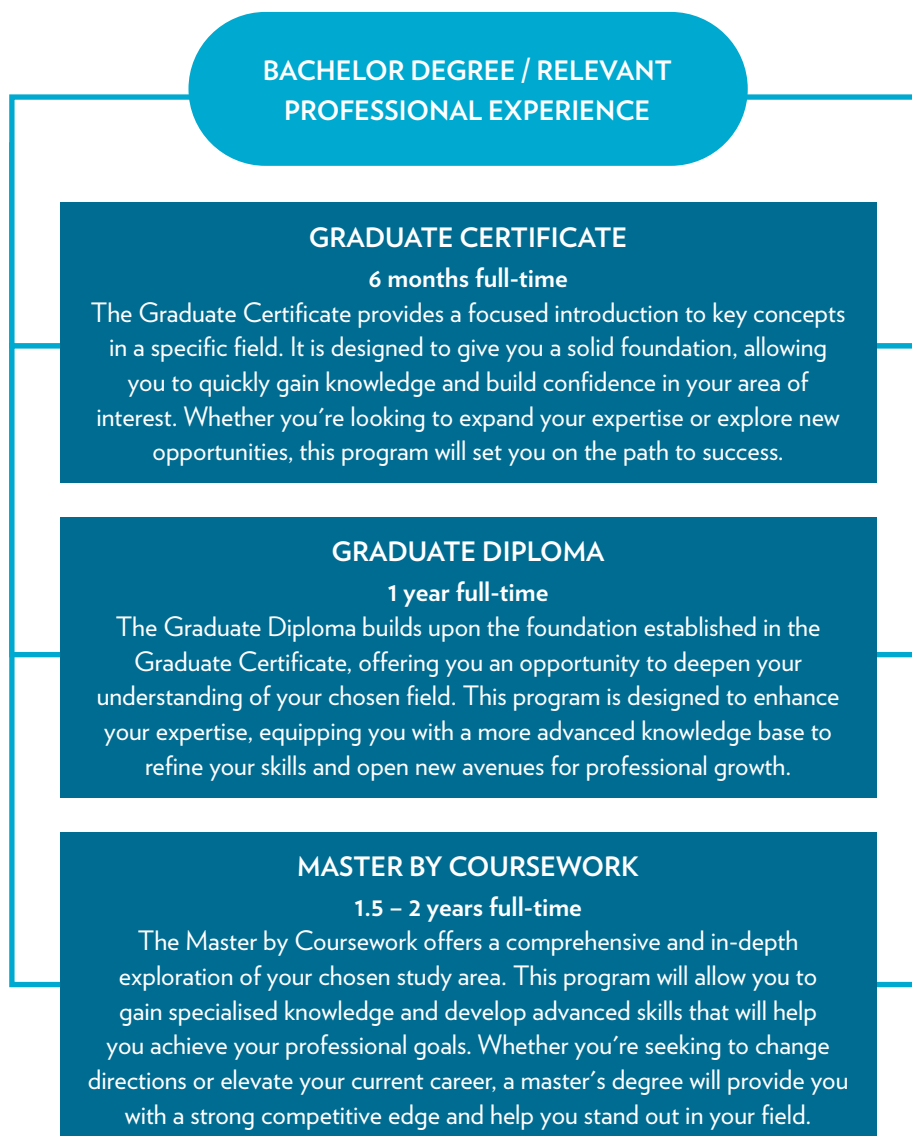

POSTGRADUATE PATHWAYS

YOUR ROAD TO SUCCESS

If you haven't studied previously, don't count yourself out. At UC, we recognise industry experience meaning you may not necessarily need a degree to take on postgraduate studies.

COURSEWORK PATHWAYS

Whether you're looking to upgrade your qualifications, deepen your knowledge in a specialist area or pursue a passion, a postgraduate degree can open new ideas, ways of thinking and whole new networks. Depending on your program, your postgraduate studies by coursework will typically take between six months to two years (full-time).

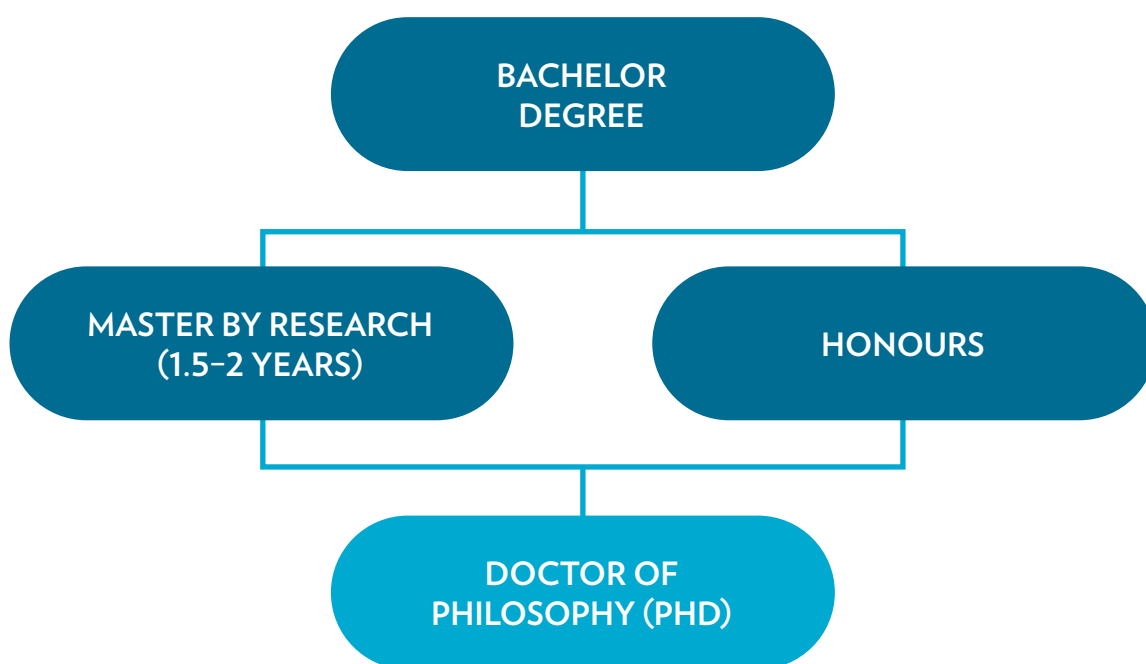

HIGHER DEGREE BY RESEARCH

RESEARCH PATHWAYS

A Higher Degree by Research (HDR) involves a supervised research component, suitable for those looking to contribute to the growth and development of a specific area.

A master by research degree will typically take 1.5 to two years full-time to complete, or part time equivalent.

The maximum duration of a PhD course is four years full-time equivalent enrolment. PhD students have a target date for thesis submission of three years (36 months), inclusive of one year of coursework study.

Find out more about graduate research:

FEES AND SCHOLARSHIPS

University fees for domestic students fall under one of two categories: Fee-Paying Places (FPP) or Commonwealth Supported Places (CSP). How much you end up paying for your course depends on the type of fees associated with your degree.

TUITION ASSISTANCE

University fees can be paid upfront, or you can choose to use the Higher Education Loan Program (HELP) to defer paying your fees until a later date. The Australian Government Higher Education Loan Program consists of three loan schemes known as **HECS-HELP**, **FEE-HELP**, and **SA-HELP**. Application is easy, when you enrol at university, you'll be asked to complete an online form and select your preferred billing option. You can choose to pay your fees upfront, make a partial payment and defer the remaining fee, or defer the whole payment via your HELP loan.

COMMONWEALTH PLACES (CSP)

If you're enrolled in a CSP, Australian Government funding subsidises most of your university fees and you only need to pay the remaining amount. This is called the Student Contribution Amount (SCA). You can choose to pay your Student Contribution Amount upfront, or you can access a **HECS-HELP** loan to assist with your fees. Please see Financial Support for further information. Students enrolled in a CSP are eligible for a HECS-HELP loan from the Australian Government to defer their fees.

SCHOLARSHIPS

UC scholarships can assist you with a range of expenses including living costs, textbooks, accommodation, relocation or contribution towards your fees. Once you've accepted your offer, you can browse the scholarship list on our website. Applying is easy, simply submit one application and you'll be considered for every scholarship for which you're eligible.

All domestic undergraduate students are eligible for a CSP, and some domestic postgraduate students may also be eligible for a CSP depending on their course. Financial support is available to domestic students in the form of HELP loans for tuition expenses, and scholarships.

FEE-PAYING PLACES (FPP)

If your course is a Fee-Paying Place, the price listed on the online course finder is the indicative annual fee for students enrolled in full-time study. Although FPPs are not subsidised by the Australian Government, you can still access a **FEE-HELP** loan to assist with paying your fees. FEE-HELP has a maximum limit that can be borrowed (known as the FEE-HELP limit) and is usually for university students studying postgraduate courses. For 2025, the FEE-HELP limit is \$126 839 for most students.

SA-HELP

SA-HELP is a loan scheme available to Australian Citizens that have been charged the Student Services and Amenities Fee (SSAF). SSAF is a fee for student services and amenities of a non-academic nature, such as sporting and recreational activities, employment and career advice, child care, financial advice and food services. In 2025, the maximum fee for a full-time student will be \$365.00 and \$273.75 for a part-time student.

You may also be eligible for a scholarship awarded by an external company, government department or organisation. UC doesn't endorse or support any products or companies affiliated with these scholarships. They're advertised with the purpose of providing students with more options for financial support.

2025 STUDENT CONTRIBUTION BANDS AND RANGES

	CONTRIBUTION BAND	MAXIMUM STUDENT CONTRIBUTION AMOUNT*
BAND 1	Education, Nursing, Postgraduate Clinical Psychology, English, Mathematics or Statistics, Indigenous for Foreign Languages, Agriculture	\$4,627
BAND 2	Engineering, Surveying, Built Environment, Computing, Environmental Studies or Science, Professional Pathway Psychology or Professional Pathway Social Work, Pathology, Allied Health, Other Health, Visual and Performing Arts	\$9,314
BAND 3	Medicine, Dentistry or Veterinary Science	\$13,241
BAND 4	Law, Accounting, Administration, Economics, Commerce, Communications, Society and Culture	\$16,992

*Equivalent full-time student load (EFTSL) *For international student fees please refer to the course pages on the UC website

SNOW SCHOLARSHIPS

A Snow Scholarship will be awarded to up to 16 students each year who will receive financial and holistic wrap-around support for the duration of their full-time degree.

Snow Scholars will benefit from an inclusive cohort that reflects a diversity of backgrounds, experiences, ages, genders, and academic results, allowing them to thrive in a supportive and stimulating environment where they can learn from each other.

More information available on our website:
canberra.edu.au/snow-scholarships

BENEFITS

On-campus accommodation provided

Plus financial support for living and travelling home.

Leadership development

Holistic leadership development, global citizenship education, First Nations experience and education.

Academic and personal support

Tutoring, academic, and placement support, plus access to free medical, wellbeing and financial services.

Dedicated Scholar space

Snow Scholar House to connect and learn together.

WHO ARE SNOW SCHOLARSHIPS FOR?

We are seeking students with passion, motivation, leadership potential and a commitment to social purpose, who aspire to the student attributes. All students are expected to achieve the required ATAR for their degree. Some students will be high academic achievers, and others may enter through the University of Canberra's alternate pathway programs.

As a Snow Scholar from Canberra or regional/rural NSW, you'll embody diverse qualities that align with the attributes. While we don't anticipate you possessing every attribute from the start, you will develop them throughout your journey. You'll be evaluated based on these criteria in the application process.

- **Passion and ambition:** Genuine enthusiasm and drive for your studies and goals and for creating significant impact.
- **Academic and street smarts:** Your collective achievements and experiences demonstrate a strong commitment to learning, creative thinking, and problem-solving.
- **Resilience and perseverance:** You demonstrate tenacity and determination when things get tough and can overcome challenges.
- **Effective communication:** You have the skills to clearly articulate ideas, actively listen, and engage meaningfully with others.
- **Curiosity and growth mindset:** A strong desire to explore new ideas and continuously learn, with an openness to embracing challenges and growing from experiences.
- **Respect and dignity:** You demonstrate respect, empathy, care, and awareness for others.
- **Open and humble:** You recognise that you don't have all the answers and remain open to diverse opinions and perspectives, evaluating all ideas on their merits.
- **Leadership potential:** You show initiative, inspire others, and drive meaningful and positive change.
- **Integrity:** You demonstrate a commitment to honesty and fairness, acting with transparency and without a hidden agenda.

Foundation**

STUDENT SUPPORTS

Student Mentor Program

Designed to support new students on their study journey in a fun and empowering way. UC Student Mentors are matched with commencing students studying the same or a similar degree – someone who's had a similar experience transitioning to UC and may share similar hobbies and interests.

Mentors will connect with new students every week for the first 2 months of study to ensure they are set up for success. Students can also connect with the Wellbeing team for confidential advice, referrals and support at any time throughout their degree in a safe and enabling environment.

canberra.edu.au/uc-thrive

The Ngunnawal Centre

At UC, we welcome and support all Indigenous students pursuing a university education. The Ngunnawal Centre is the focal point for Indigenous students at UC. The centre's aim is to work with students to help them achieve academic success through educational programs and confidential support services.

Offerings for Indigenous Students:

- Aboriginal and Torres Strait Islander Foundation Program
- University Priority Group Adjustment Factor Points via UAC
- Student Success Services e.g. ABSTUDY financial assistance; CareerTrackers Indigenous Internship Program
- Textbook/ Resource Access e.g. Laptop loans; Free printing; Kitchen Access
- Free Tuition
- Cultural/ Pastoral Support and Mentorship
- Elder in Residence Access

canberra.edu.au/ngunnawal-centre

Disability and Student Support

We pride ourselves on our inclusivity at UC. If you're living with disability or an ongoing health condition, services are available to help you succeed in your studies.

Whether you need alternative exam arrangements, flexibility with your assignment due dates or help developing your reasonable adjustment plan, our InclusionUC staff will be your personal support team.

These services are organised by our InclusionUC staff and include:

- An assistive technology room in the UC Library, complete with adjustable tables and chairs and specialised accessibility software
- Electronic versions of textbooks and other teaching materials
- AUSLAN interpreters
- Scribes who provide exam and in-class support
- Digital tools
- Hearing loops
- Screen magnifiers
- Screen readers and text-to-speech programs
- Voice recognition software that allows you to navigate web pages and programs with your voice
- Motorised scooters for easy access around campus
- Ergonomic study furniture.

canberra.edu.au/disability-and-ongoing-health-conditions

International Student Support

At UC we are dedicated to helping you find your feet in Australia, and ensuring you grow and succeed in your goals. This dedicated team is comprised of International Student Advisors and Wellbeing advisors. As your first point of contact for any concerns or challenges, our team are here ready to provide you with individualised support and information on a range of matters including targeted orientation and transition support, cultural adjustment, advice and guidance on studying in Australia and visa requirements.

canberra.edu.au/support-for-international-students

Student Wellbeing

Our Student Wellbeing team provides individualised support and information to help you navigate your journey at UC in the best way possible. You can access confidential advice, referrals and support to help you overcome any challenges you may face while studying at UC.

We also have initiatives in place to create a safe campus for students, staff and visitors, such as our involvement in the Respect. Now. Always. campaign.

canberra.edu.au/student-wellbeing

Careers UC

At UC, we're committed to your personal and professional growth. Whether you need careers advice or help securing a casual job, internship or placement, or a graduate job, our dedicated careers team – Careers UC – will work with you to plan your career.

You can access a wide variety of support services through Careers UC. From workshops about resume development and interview techniques, to help navigating Work Integrated Learning opportunities, you'll have all the support you need with our experienced careers team.

Not sure where to go for support?

Drop in to the Student Centre in Building 1 for all types of assistance!

student.centre@canberra.edu.au

Library

The Library is open 24/7, offering flexible, contemporary study spaces for individuals and groups. We offer access to information, resources, and a variety of support services to help you succeed in your studies.

canberra.edu.au/library

Study Skills Drop-in

Study Skills Learning Advisors are available for support with understanding assessment tasks, structuring assignments, avoiding plagiarism, research and referencing.

canberra.edu.au/studyskills

Peer Assisted Learning Sessions (PALS)

PALS are weekly group study sessions for large-cohort foundation units. PALS sessions are led by trained Peer Learning Advisors who integrate content and learning skills in activity-based workshops.

canberra.edu.au/studyskills

Maths and Stats Help (MASH)

Drop-in sessions specialising in mathematics, statistics, and information technology (IT) for most undergraduate units and Honours level statistics.

canberra.edu.au/studyskills

Campus Security

Our Campus Security team is available 24 hours a day to help students, staff, visitors and those living on student residences to feel safe. They can escort you to and from your car or the bus stop at night, as well as between buildings and residences. You can phone them at any time if you're feeling unsafe or would like to report suspicious behaviour. There are also help point intercoms installed across campus with instant access to Campus Security 24/7.

canberra.edu.au/security

Medical and Counselling

If you're feeling unwell or need to see a doctor for any medical issues, you can make an appointment at our Medical and Counselling Centre. It's open five days a week and offers care and advice on all general health needs. Our doctors and nurses can also provide the medical assessments, screenings and vaccinations needed to get you ready for any placements you'll have during your studies.

If you're going through a difficult or emotionally challenging time and would like to speak with a professional, our qualified centre counsellors, psychologists and psychiatrists can help. Appointments are free, confidential and available without referral from doctors. They can help you work through issues such as anxiety, depression, loneliness, motivation and grief.

canberra.edu.au/medicalcounselling

Faculty of Health Clinics

The UC Health Clinics offers client-focussed health consultations and classes for Belconnen and the wider Canberra community.

Many of our services are delivered by students working under close supervision of registered practitioners. This means you'll enjoy the latest evidence based and affordable healthcare, extra attention and time dedicated to your treatment.

canberra.edu.au/health-clinics

Multi-Faith Centre

The Multifaith Centre at UC's Bruce campus provides a protected environment for worship and practice related to all religious traditions. Our Chaplaincy team upholds the highest standard of religious tolerance and offers all students extensive education on multifaith living.

Whether you'd like to speak with one of our pastoral care chaplains or participate in meditation, prayer or worship in a safe place, our Multifaith Centre has your spiritual needs in mind.

canberra.edu.au/student-wellbeing

CAMPUS ACCOMMODATION YOUR NEW HOME

Uni is as much about the friends you make as the courses you take.

Heading off to uni can be incredibly exciting but also quite daunting. Residential Life is UniLodge's structured program of engagement and support, which provides a broad range of opportunities to help residents grow and succeed during their time at UC.

Safety is a priority for students and their families, which is why all UniLodge apartments come with ample security features, including cameras and swipe card access for lifts and doors. From parcel delivery to advice on where to access student support, our friendly property managers, admin team and residential advisors can help students with a range of matters. No matter which property your students decide to call home, rest assured they will always feel safe in their UniLodge student accommodation.

ACCOMMODATION

We've provided an overview of accommodation rates but please check out the website for the complete range of rooms and rates available.

COOPER LODGE	\$276.00 – \$474.00
UC LODGE	\$276.00 – \$412.00
CAMPUS WEST	\$215.50 – \$445.50
WEEDEN LODGE	\$215.00 – \$346.00

Note: All room rates quoted are based on a 52-week occupancy. The rates exclude the compulsory weekly utility charge. Please refer to the website for complete and up to date information. Rates accurate as of March 2025.

Campus accommodation is the perfect way to meet new people and make friends for life. It's amazing how quickly students form friendships and create lasting memories. Our on-campus accommodation provider is UniLodge.

UniLodge offer a range of different living arrangements and price options to choose from. For more details, including accommodation options and prices, visit

canberra.edu.au/accommodation

OFF-CAMPUS

Canberra has plenty of great accommodation off-campus, such as Weeden Lodge. Other options include renting, sharing and homestays.

ACCOMMODATION GUARANTEE

When starting at UC, students don't need to worry about finding a place to live. We offer guaranteed accommodation to all eligible first year domestic students and all international students.

WE LOVE CANBERRA

IMAGE CREDIT: VISITCANBERRA

TREAT YOUR TASTEBUDS

In Canberra, we take our coffee and our food seriously. Very seriously. Jam-packed with award-winning restaurants, fresh food markets and annual food festivals, you'll never run out of places to eat in Canberra or cool cafés to study at. If you're a foodie make sure you check out the annual street food festival **The Forage**, and head to the **Capital Food Market** and **EPIC Farmers Market** for the best fruit and veg in town.

INTERNATIONAL

With around 25 per cent of the population born overseas, Canberra is a truly multicultural city and we're tasting the benefits. The **National Multicultural Festival** takes over the city centre in February with over 300 food stalls from every part of the globe, as well as live music and dancing. Relive your European summer while enjoying cheap and delicious food at the **Harmonie German Club** or **Australian-Croatian Club**.

IMAGE CREDIT: MATT SANDFORD

BARS AND PUBS

No matter your tastes, you'll be impressed with Canberra's booming bar scene. Visit the award winning cocktail bar, **High Jinks**, relax at Canberra's largest pub **Assembly** in the heart of bustling Braddon, or visit the pool room at **Civic Pub**. If you're into craft beer, head to **Bentspoke** or **Capital Brewing Co.** to enjoy a pint in a working brewery.

NIGHTS OUT

If you love live music and partying to some of the biggest names in the country, the **UC Refectory** is going to be your new home for unbeatable entertainment. For adventures off-campus, head into the city's CBD to experience Canberra's thriving nightlife, from the famous **Mooseheads**, video game-themed **Reload**, to 80s-inspired **88mph**.

IMAGE CREDIT: VISITCANBERRA

CULTURE

Canberra is home to our national cultural institutions where art lovers can indulge their passions at the **National Gallery of Australia**, while history buffs can glimpse to the past at the **National Museum of Australia**. Whether you're taking in a famous face at the **National Portrait Gallery** or learning about our diggers at the **National War Memorial**, living in Canberra will let you get up close and personal with Australia's cultural heritage.

EVENTS

From food and wine, festivals and gigs to sporting events, Canberra has something for all interests. There are the classic favourites like **Floriade**, **Skyfire**, **Enlighten** and the **Canberra Balloon Spectacular**, we are also home to the Raiders, UC Capitals and Brumbies and also host world-class music festivals including **Groovin' the Moo**, **Spilt Milk** and **Wine Machine**.

IMAGE CREDIT: WE ARE EXPLORERS FOR VISITCANBERRA

EXPLORE

Canberra is called the Bush Capital for a reason — our stunning natural surrounds are an adventure-lover's paradise. Walking trails will take you to the summits of Mount Ainslie and Mount Majura, while easy access to Lake Burley Griffin, Lake Ginninderra and Lake Tuggeranong means there are plenty of options for sailing, kayaking and rowing. Extensive campgrounds, cycle lanes, playgrounds, parks and picnic spots mean you'll never be stuck for something to do.

10 FACULTY STUDY TOURS AND INTERNSHIPS

 UC_Globallearning

#UCGLOBAL

**At UC, we set you up for a global career by
integrating international study opportunities
into nearly all of our courses.**

When you study abroad you're enhancing your degree with a once in a lifetime experience. While completing credit towards your degree, you will gain international perspectives, a network of friends and colleagues, and develop your employability skills. We make studying overseas easy by helping you tap into our global network and take advantage of funding opportunities that will help finance your international adventure.

EXCHANGE PROGRAMS AND STUDY ABROAD

Spend a semester or full-year overseas at one of our amazing exchange partner universities in Europe, Asia and the Americas. This means that your tuition fees remain at UC. You can also reach outside our network and find a full fee-paying semester opportunity anywhere in the world as a study abroad option.

FACULTY STUDY TOURS

Designed and led by UC faculty members specifically for UC degrees, these two to five-week programs create opportunities with your peer group. Run like an international field trip, these adventures are credited towards a unit allowing you to explore other cultures while studying.

SHORT TERM PROGRAMS

For some students a short-term program finds the perfect balance between independence and managing work and family life. Available during summer and winter terms, they provide a unique opportunity to study overseas without disrupting normal study periods.

INTERNATIONAL INTERNSHIPS

Amp up your practical experience while discovering what it is like to live and work overseas with an international internship. Internships can be organised through the university or independently through external providers.

PLAN AHEAD

Your second year is the optimal time to undertake an exchange or study abroad experience. Plan ahead with your faculty to ensure your degree can accommodate an overseas program!

UC SPORT

OUR SPORT STRATEGY

The University of Canberra is committed to becoming Australia's leading university for sport education. By 2026, our goal is to be among the top-three universities in Australia and the top 50 in the world for sport science.

We want UC to be well, and widely known for our commitment to women in sport, diversity and inclusion and sports integrity.

We will bring this vision to life by uniting our staff, students, industry partners, athletes, teams and local community in the pursuit of mission oriented research and an exceptional student experience.

ELITE ATHLETE PROGRAM

As a member of the AIS Elite Athlete Education Network, the University of Canberra is an excellent choice for students with elite sporting commitments. The UC Elite Athlete Program has been designed with talented athletes in mind, supporting eligible students pursuing study at the same time as an elite sporting career. Being a member of the Elite Athlete Program also gives you access to the Eldon and Anne Foote Elite Athlete Scholarships.

eliteathlete@canberra.edu.au

SPORT WALK OF FAME

Sport lies at the heart of UC and is part of our history, present and future. In recognition of former students who have made an impact on the sporting industry the UC Sport Walk of Fame was launched. Inductees come from a number of different sports and are not restricted to athletes, with sports administrators, officials and coaches also amongst the inaugural inductees. Internationally acclaimed sporting stars such as Olympians Lauren Jackson (basketball) and Petria Thomas (swimming) and Australian rugby union player George Gregan are among the former students to be inducted in 2022.

UCFIT^x GYM

UCFit^x is the University of Canberra's on-campus gym, located in Building 4 and 29. A UCFit^x membership lets you access all UC's on-campus gym facilities, including separate weight and cardio rooms, unlimited group training classes, a personalised training program, individual training sessions and discounted sporting facility hire. You can also use UCFit^x's on-site showers, toilets and change rooms, and hire lockers so your gear and valuables are safe and secure while you work out.

ucfit@canberra.edu.au or (02) 6201 2542

YOUR UNI EXPERIENCE

LIVE LIFE

LARGE

UCX

UCX are your campus life and student experience specialists. UCX are behind many of the brands you'll see on campus at the University of Canberra. They provide you support and services throughout the year via various activities including engaging events, workshops, and festivals as well as keeping you active, both socially and otherwise, with sport and clubs and societies.

Start the year with a bang at UC's Orientation Week. Get ready for classes, find your way around campus, meet new friends and have heaps of fun. O-Week includes free cultural and social events, such as our Amazing Race Challenge, bus tour, student meet and greets, themed trivia nights, toga party and much more. Feel confident going into your first semester with enrolment help, study skills presentations, course advice sessions, and library and campus tours.

UCLife^x

UCLife^x hosts a range of activities and events all year round. These include weekly events such as movie nights, free feeds, trivia, and live music. UCLife^x are also behind significant campus events like O-Week, Stress Less Week, Cross-Culture Multicultural Celebration, and Graduation Ball.

Connect with people who love what you love. Join one of our student clubs and societies to meet new people, share ideas and expand both your circle of friends and professional network. Whether you're a bookworm, social butterfly, sporting hero or culture connoisseur, there's a club to suit you.

UCLive^x

Love live music? The **UCLive^x** team have you covered! They are your live music experts and known as Canberra's best live music venue bringing some of the biggest international and national names to the nation's capital and pride themselves on supporting local musicians. The UC stages have hosted acts such as The Wombats, Spacey Jane, Vera Blue, Peking Duk, The Amity Affliction and more!

Safe, friendly and welcoming

University of Canberra is committed to having a safe and friendly campus with a strong sense of community.

With over 75 academic, social, cultural and sporting clubs on site, as well as events, prayer rooms, women's rooms, a children's crèche, cafes, shops, 24/7 security, and guaranteed on-campus accommodation at very affordable prices; UC offers a truly safe, friendly and welcoming campus for all.

Unleash your passion for the creative industries in areas such as writing, heritage conservation, film making, digital media and global studies with a course tailored to you and your interests.

At UC, you'll roll up your sleeves and dive into real-world practical learning from day one. Our expert academics will help connect you with industry projects and internships, so you can study what you love and prepare for a stellar career full of options.

Unique to UC

We're the only university in Canberra to offer industry-accredited built environment degrees.

EXPLORE OUR TEACHING SPACES

Workshop 7

Develop your talents in UC's state-of-the-art Workshop7. Home to a range of industry standard software and hardware, Workshop7 is where you'll learn to use the tools and technologies required to hit the ground running when you graduate.

BIM Hub

Our BIM Hub is the first digital building transformation hub of its kind in Australia. This is where you'll use Virtual Reality (VR) and Augmented Reality (AR) technologies to interact with building designs, construction plans, drones, 3D laser scanners, and more.

Robotics Lab

Explore the future of automation in design and manufacturing, with our Universal Robots UR10e robot arm. This technology allows you to construct models that would otherwise be too complex using manual techniques.

CNC Routing

The Multicam CNC Router can process a large variety of materials to produce 2D "profile cuts" which form kit models as well as 3D route shapes such as landscape contour models with complex-3-dimensional curvature.

Composites Lab

Design and manufacture advance composite objects and structures in our Composites Lab. With facilities for procession 'prepreg' carbon fibre and other fabrics, you can produce industry standard, high quality composite parts in house.

BUSINESS

Each of our business degrees offer a unique and hands-on learning approach, giving you the confidence, specialist knowledge and practical experience to pursue a wide range of careers. Whether you are leading an organisation, working with and for government or planning a new start-up, you'll be equipped to drive positive change in your community.

(GUG, 2025)

Distinctive benefits

Our teachers and guest lectures
are some of the best and brightest
in the design sector.

Study your way

With a range of elective options,
tailor your studies to match
your interests.

CAREERS AND PRACTICAL LEARNING

Thanks to our partnership with the ACT Education Directorate and local schools, you'll trade the lecture theatre for real-world experience in the classroom. Our one-of-a-kind "school-based clinics" provide you with the skills, knowledge and confidence to excel in any teaching environment.

You'll gain real-world experience beyond school-based clinics in professional experience placements of at least 80 days in undergraduate teaching courses and 60 days in postgraduate teaching courses.

HEALTH

With degrees in Nursing, Physiotherapy, Public Health, Occupational Therapy and more, you'll get the hands-on skills needed to care for others across all stages of life. With cutting-edge facilities located right here on campus, you'll learn from some of the best and brightest minds in spaces designed to suit your learning needs. Study the eye in our optometry labs, review x-rays in our radiation science facilities and explore the inner workings of the UC Hospital.

Study at the intersection of academia and industry, thanks to our strong partnerships with local hospitals, healthcare centres, and private practices. Hands-on study is at the core of all our health degrees, allowing you the opportunity to make influential industry connections before you graduate.

KICK-START YOUR CAREER AS A:

Nutritionist, Food Industry Professional, Nutrition and Community Educator, Diagnostic Radiographer, Medical Radiation Practitioner, Midwife, Nurse, Occupational Therapist, Pharmacist, Physiotherapist, Psychologist, Optometrist, Ophthalmic Technician, Optical Assistant

APPLICATION:

EOS (excl. B of Nursing, Midwifery, Medical Radiation Science, Occupational Therapy, Pharmacy, Physiotherapy, Vision Science), SRS (excl. Medical Radiation Science, Physiotherapy and Vision Science), UAC, Direct

For detailed steps on how to apply, please visit canberra.edu.au/health

CAREERS AND PRACTICAL LEARNING

Practical learning is at the heart of all our health courses, providing you with the opportunity to apply your knowledge in various workplace environments.

Our partnerships with industry leaders grant you access to top hospitals, healthcare centres, and private practices across the ACT and beyond. This ensures that upon graduation, you'll enter the workforce with a ready-made network of industry contacts, and the confidence to hit the ground running.

#1 in Canberra

For full-time employment
in health services and support.

(GUG, 2024)

Industry Connected

Gain access to leading hospitals,
healthcare centres, and private
practices in Canberra and beyond.

Research Excellence

Explore the latest world-class
research leading evolutions
in healthcare.

EXPLORE OUR TEACHING SPACES

UC Hospital

The largest of its kind in the ACT is a specialised centre dedicated to rehabilitation, recovery and research situated right here on campus. It serves as an integrated hub for healthcare and student education, providing valuable hands-on learning opportunities for our students.

Community Health Hub

Gain valuable experience while making a difference in the community and treat real-life clients under the guidance of expert teachers in areas like physiotherapy, optometry, dietetics, clinical psychology, occupational therapy and more.

Optometry Labs

Gain valuable pre-clinical skills in a simulated setting at our high-tech vision science labs. You'll also build your confidence in reading charts, performing common vision tests and undertaking eye health assessments.

Canberra Specialist Medical Centre

Immerse yourself in a dynamic learning environment and work alongside industry professionals in this state-of-the-art centre, offering specialised health services in radiology, oncology, training, research and more.

UC's Bachelor of Laws or Bachelor of Justice Studies could be the perfect partner for your legal career and your journey towards impactful change. Bringing together tradition and innovation, the Canberra Law School provides you with support and practical skills so you can gain real-world experience before you graduate.

We'll help you build a versatile suite of skills, whilst you strengthen your comprehension of the law, Australia's constitution and our State and Federal legal systems. From our innovative LLB to our Justice Studies degree, you'll develop an inside understanding of multiple legal jurisdictions. By graduation, you'll have the specialist skills and knowledge to tackle critical issues within society and government, both inside and outside the legal profession.

KICK-START YOUR CAREER AS A:

Police Officer, Human Rights Advocate, Border Protection Officer, Solicitor*, Barrister*, Judge*, Parliamentary Counsel, Legislative Drafter

*additional study required

APPLICATION:

EOS, SRS, UAC, Direct

For detailed steps on how to apply, please visit canberra.edu.au/law

CAREERS AND PRACTICAL LEARNING

Whether you aspire to work in the Australian Public Service, the private sector or a legal firm, you'll be provided with the support and industry connections needed to become a leader of tomorrow and ignite real change in society.

Start your legal studies with UC and make your case for change.

COURSE							
Bachelor of Justice Studies [§] *	65	3 years	Sem 1; Sem 2	SCB001	367035

The unexpected power of Canberra

Gain a unique insight into public policy, economics and society in Canberra, Australia's political heartland.

#1 in Canberra

We're #1 in Canberra for student experience and student support in Social Sciences.

(GUG, 2024)

Industry connected

Grow your professional network and practical experience as you study, so you can graduate prepared and connected.

CAREERS AND PRACTICAL LEARNING

By exploring counter-terrorism, foreign affairs, public policy and more, you'll gain a unique insight into society's key challenges. You'll build a strong foundational knowledge in the social sciences and finish your degree prepared for a future in the Australian Public Service, parliament, business, or civil society. Plus, with government and industry projects, internships, professional practice and networking opportunities built into your degree, you'll graduate ready for whatever comes next in your career.

UC's Bachelor degrees offer a range of internships, that help give you a better understanding of business and government practice. Step out of the classroom and into the real-world with approximately 75 hours of practical experience.

SCIENCE

At UC, we know that sometimes the best learning happens outside of the classroom. That's why each of our Science degrees are a unique balance of theory and practice. Through fieldwork, internships and practical lab work, you'll gain both the knowledge, confidence and technical skills you need to pursue a wide variety of exciting and fulfilling careers.

Plus, you'll join the illustrious ranks of UC Science graduates and researchers who are making a difference and shaping the future of conservation, human health, water management, disease management and so much more.

KICK-START YOUR CAREER:

Into Pre-Medicine as a Medical Scientist, Allied Health Technician, Research Scientist, Natural Resource Manager, Sustainability Officer, Biomedical Scientist, Biotechnologist, Environmental Scientist, Ecologist

APPLICATION:

EOS, SRS, UAC, Direct

For detailed steps on how to apply, please visit canberra.edu.au/science

CAREERS AND PRACTICAL LEARNING

Step out of the classroom and into the real world with hands-on experience built into all of our Science degrees. Through a range of internships, field work and practical projects, you'll gain the industry experience you need to hit the ground running when you graduate.

Work with our world-class research centres and scientists on a range of research projects. Whether it's researching cures for chronic disease or conserving vulnerable lizard species, you'll have the opportunity to be a part of real-world, high-impact research at UC.

#1 in Australia

We're #1 in Australia for undergraduate teaching quality in Engineering and Technology.

(GUG, 2024)

Impressive starting salaries

Technology at UC is ranked #3 in Australia for graduate starting salaries.

(GUG, 2024)

Hands-on experience

Roll up your sleeves and take part in industry projects, placements and internships while you study.

EXPLORE OUR TEACHING SPACES

Advanced Engineering Lab

The Advanced Engineering Lab is a state-of-the- engineering teaching space. Designed for flexible teaching of both Robotics and IoT, it provides students with a high-tech, modern learning experience. Opening onto a large deck, the space allows a combined indoor/outdoor experience with room to test and learn both wheeled and air drones.

Network and Cyber Lab

UC's brand new Network Engineering and Cyber Security Lab gives students real, hands-on experience with industry-grade network equipment. With it's own isolated network, students can simulate real-world networking, server and cyber security scenarios, all while understanding the inner workings of an organisation's networking infrastructure.

Innovation Lab

Equipped with high-powered PC's and specialist software, this multipurpose computer laboratory has been specifically created to help students learn mobile technology, games, programming, natural user interface, networking, cyber security and robotics.

INDUSTRY PARTNERSHIPS

Innovation Central Canberra

UC has partnered with Cisco to provide industry and government with access to world-class research opportunities via the Innovation Central Canberra (ICC). This partnership provides an avenue for collaboration and connection between education and industry and has led to some incredible internship opportunities for our students.

Open Source Institute

UC, ACT Government and NetApp have teamed up to launch a regional hub for open source innovation, education and research – the Open Source Institute (OpenSI). The Institute undertakes deep research into open source technologies and provide practical work experience opportunities for our technology students.

GLOSSARY

TERM	DESCRIPTION
Accreditation	A certification of competence in a specified subject or area of expertise awarded by a third party.
Articulation	A formal agreement between two educational institutions to award credit towards a course based on previous completion of an award program.
Australian Tertiary Admissions Rank (ATAR)	A rank calculated so that universities and other tertiary education providers can compare students who have completed different types of Year 12 study. The ATAR is used as a basis for admission into university. Other criteria may also be used in conjunction with an ATAR.
Course	A program of study, usually taking three or four years to complete. When a student completes their course, they're awarded a degree.
Credit	The recognition of prior learning and skills, which can excuse a student from undertaking certain units within a degree.
Deferring	A term used when a student receives an offer from a university but chooses to delay their start date by six months to one year.
Degree	A qualification a student earns after completing their course of study.
Discipline	A group of degrees at an institution that share common themes, units and resources.
Double Degree	Students can study two undergraduate degrees at the same time and complete both degrees in a condensed time frame.
Faculty	A collective group of associated disciplines, run by a Dean who oversees teaching and research.
HECS (or HECS-HELP)	HECS-HELP is a financial loan available to eligible students enrolled in a Commonwealth Supported Place at a higher education institution. Find out more at studyassist.gov.au
Honours	A one-year course for high-achieving students, typically undertaken at the end of a standard three year bachelor's degree.
Lecture	A class which presents the critical information from a unit to students.
Major	A sequence of related units that form a student's main field of specialisation within a degree. Students are required to undertake a certain number of units within this specific field to qualify with a major.
Mature Age Students	Students who are entering tertiary study and are aged 21 or over.
Minor	A sequence of related units that form a student's secondary field of specialisation within a degree. Minors also require a certain number of units to be studied.
Non-School Leaver	Students who are entering tertiary study without having graduated from Year 12 the previous year.
Packaged Offer	When a student doesn't meet the admission requirements of a degree, they may be required to complete another program of study prior to commencing study, such as a bridging course or English language program.
Pathway	Alternative entry methods into university that aren't based on a raw ATAR score, including schools' recommendation schemes, adjustment factors and bridging courses.
Postgraduate (PG)	Study undertaken after a student has already completed at least one undergraduate bachelor's degree or equivalent.
Prerequisite	Prescribed conditions students must satisfy to gain entry into a course.
Scholarship	Financial grants given to eligible students to help cover costs associated with university, based on merit, need, career or equity grounds.
School Leaver	Students who plan on studying either straight after completing Year 12 or in the following year.
Selection Rank	An adjusted score for entry into university consisting of a student's ATAR plus any adjustment factors that they are eligible for and have been awarded. Selection ranks advertised in this guide reflect the course cut-offs provided to the Universities Admissions Centre (UAC) for assessing applications to UC for the 2023 admissions round.
Tutorial	A class intended to assist students in the understanding and practical application of information provided in the lecture
Undergraduate	A student who has not yet completed any tertiary study. Most bachelor's degrees are referred to as undergraduate degrees.
Unit	A subject of study at university. A degree is made up of units that a student must pass.
Universities Admission Centre (UAC)	UAC processes applications for admission to most undergraduate and some postgraduate courses at participating institutions (mainly located in NSW and the ACT). uac.edu.au
Work Integrated Learning	The combination of workplace experience with academic learning, assessment and support.

STILL HAVE QUESTIONS?

Book a personalised consultation with our future student advisors to chat about pathways, entry schemes and more!

CAMPUS TOURS

A great way to get a feel for campus life is to take a free campus tour. They're available for students and their families every weekday from 10am, 12pm and 2pm.

Tours take about 45 minutes and include a history of the University and a run down of all UC facilities, services, clubs and societies, and university events.

To book a campus tour, visit canberra.edu.au/campus-tours
