

Australia, it's time for change in aged care.

Are you a registered nurse interested in supporting students on placement in aged and healthcare settings?

We need your help.

Your support can help nursing students on placement gain the experience and expertise to make a difference in the lives of older Australians.

The University of Canberra in collaboration with Curtin University, Edith Cowan University and the University of Wollongong are working together to boost our professional nursing workforce to care for older people.

**Clinical Placements
with Older People**

Transforming Care, Enriching Lives

The CPOP program, which is part of the Aged Care Nursing Clinical Placements Program, is funded by the Australian Government Department of Health and Aged Care.
