

Bachelor of Sport and Exercise Science (274JA.2)

Please note these are the 2017 details for this course

Domestic students

Selection rank	ATAR TBC
Delivery mode	On campus
Location	
Duration	3.0 years
Faculty	Faculty of Health
Discipline	Discipline of Sport and Exercise Science
UAC code	
English language requirements	An IELTS Academic score of 6.0 overall, with no band score below 6.0 (or equivalent).
	View IELTS equivalences

International students

Academic entry requirements	To study at UC, you'll need to meet our academic entry requirements and any admission requirements specific to your course. Please read your course admission requirements below. To find out whether you meet UC's academic entry requirements, visit our academic entry requirements page.

About this course

Become a high scorer in the science of sport

The Bachelor of Sport and Exercise Science degree explores the complexity of human movement and strategies to assist athletes in reaching their full potential.

Over three years, you will cover everything from human anatomy and physiology to developing comprehensive skills in areas such as biomechanics and sport analytics with the option to apply for membership with Exercise and Sport Science Australia (ESSA) and intern with NRL, Super Rugby, W-League and WNBL teams while you study.

Studying on the Bruce campus, this is your opportunity to develop a career with access to the \$16 million Sporting Commons in the company of Australia's leading elite sports teams based on campus.

Study the Bachelor of Sport and Exercise Science at UC and you will:

- be academically prepared for a career in sporting achievement
- grasp the range of sport sciences like physiology, biomechanics, motor control and psychology
- gain knowledge in the theory and practice of coaching.

Career Opportunities

- Qualification at this level can take you to national and international sporting contests in all arenas of professional contest such as coach, sport director, or as a sport and exercise scientist.

- You can guide the future and support the present as sport development officers for government bodies and across urban and regional localities.

Other Opportunities:

- Graduates can continue their studies into related masters programs in Sport Science, Exercise Physiology and Physiotherapy.
- At completion of the degree, graduates can be eligible for membership of Exercise and Sport Science Australia.

The University of Canberra is committed to building a strong and sustainable Aboriginal and Torres Strait Islander sporting industry. If you are an Aboriginal and Torres Strait Islander person looking to study this course, please contact Rachel Harrigan, Faculty of Health General Manager, (02) 6201 2608.

Professional accreditation

At the completion of the Sport and Exercise Science degree, graduates may submit an application for exercise science membership of Exercise and Sport Science Australia. A number of industry qualifications are also available to students on completion of appropriate units.

Admission requirements

Normal UC requirements for admission to an undergraduate course.

Additional admission requirements

Police Checks are required.

Assumed knowledge

ACT: Biology, Chemistry, Mathematical Methods and Physics majors. NSW: Biology, Chemistry, Mathematics and Physics.

Periods course is open for new admissions

This course is not open for new admissions.

Credit arrangements

There are currently no formal credit transfer arrangements for entry to this course. Any previous study or work experience will only be considered as part of the application process in accordance with current [course rules](#) and [university policy](#).

Course requirements

Bachelor of Sport and Exercise Science (274JA) | 72 credit points

Required - 72 credit points as follows

[Expand All](#) | [Collapse All](#)

Major in Exercise Science (MJ0260) | 21 credit points

Required - Must pass 21 credit points as follows

Systemic Anatomy and Physiology (6529) | 3 credit points – Level 1

Sports Medicine (6839) | 3 credit points – Level 3

Human Growth and Development (8338) | 3 credit points – Level 1

Biochemistry of Exercise (8339) | 3 credit points – Level 1

Health, Disease and Exercise (8340) | 3 credit points – Level 2

Physiology of Exercise 1 (8391) | 3 credit points – Level 2

Physiology of Exercise 2 (8392) | 3 credit points – Level 3

Major in Human Movement (MJ0261) | 21 credit points

Required - Must pass 21 credit points as follows

Biomechanics 1 (6834) | 3 credit points – Level 2

Biomechanics 2 (6835) | 3 credit points – Level 3

Performance Analysis in Sport (8390) | 3 credit points – Level 3

Motor Control and Skill Acquisition (8913) | 3 credit points – Level 2

Regional Anatomy and Physiology (9808) | 3 credit points – Level 1

Exercise Programming and Prescription 1 (9811) | 3 credit points – Level 1

Exercise Programming and Prescription 2 (9812) | 3 credit points – Level 2

Required Units - Must pass 30 credit points as follows

Psychology 102 (4310) | 3 credit points – Level 1

Introduction to Statistics (6540) | 3 credit points – Level 1

Sport and Performance Psychology (7224) | 3 credit points – Level 2

Nutritional Science (8257) | 3 credit points – Level 2

Advanced Functional Anatomy (8279) | 3 credit points – Level 3

Introductory Nutrition (9280) | 3 credit points – Level 1

Foundations of Professional Planning (9799) | 3 credit points – Level 1

Research and Professional Practice Part A (6cp) (9813) | 0 credit points – Level 3

Research and Professional Practice Part B (9814) | 9 credit points – Level 3

In addition to course requirements, in order to successfully complete your course you must meet the inherent requirements. Please refer to the [inherent requirements statement](#) applicable to your course

Typical study pattern

UC - Canberra, Bruce

Standard Full Time, Semester 1 Commencing

Year 1

Semester 1

Human Growth and Development (8338)

Introduction to Statistics (6540)

Introductory Nutrition (9280)

Regional Anatomy and Physiology (9808)

Semester 2

Biochemistry of Exercise (8339)

Foundations of Professional Planning (9799)

Psychology 102 (4310)

Systemic Anatomy and Physiology (6529)

Year 2

Semester 1

Biomechanics 1 (6834)

Exercise Programming and Prescription 1 (9811)

Motor Control and Skill Acquisition (8913)

Physiology of Exercise 1 (8391)

Semester 2

Biomechanics 2 (6835)

Exercise Programming and Prescription 2 (9812)

Health, Disease and Exercise (8340)

Physiology of Exercise 2 (8392)

Year 3

Semester 1

Advanced Functional Anatomy (8279)

Nutritional Science (8257)

Research and Professional Practice Part A (6cp) (9813)

Semester 2

Performance Analysis in Sport (8390)

Research and Professional Practice Part B (9814)

Sport and Performance Psychology (7224)

Sports Medicine (6839)

Course information

Course duration

Standard six semesters full-time or equivalent. Maximum twenty semesters.

Learning outcomes

Learning outcomes	Related graduate attributes
Students may be eligible to apply for Exercise Science membership with Exercise Sport Science Australia (ESSA). (Please note UC will apply for course accreditation with ESSA in 2014).	<ol style="list-style-type: none">1. Communication (a-e)2. Information literacy and numeracy3. Information and communication technology4. Problem solving (a-e)5. Working with others (a-f)6. Effective workplace skills (a-c)7. Professional ethics (a-b)8. Social responsibility (a-d)9.
