About this course

Good news for students considering Master of Pharmacy

If you're a science undergraduate considering enrolment in the Master of Pharmacy course at UC, but you are missing some of the pre-requisites, then the Graduate Certificate in Pharmacotherapy course is the perfect course to help bring you up to speed - fast.

This full time (1 semester), or part-time (2 semesters) will teach you pharmacy basics in chemistry, biochemistry, pharmacology, anatomy, and physiology; and allow you to meet the minimum pre-requisite units to transition into the Master of Pharmacy course confidently.

If you're looking for a subject study change and wish to use your existing studies to leverage a new career direction in pharmacy, then this bridging course is the perfect solution. It is also a great way to test the waters if you have been outside of study for a while.

Take a proactive approach to your career in pharmacy and sign up for the Graduate Certificate in Pharmacotherapy today.

Study a Graduate Certificate in Pharmacotherapy at UC and you will:

- meet the pre-requisite units required to enter the Master of Pharmacy.
- explore additional study topics in chemistry, biochemistry, pharmacology, anatomy, and physiology
- gain a better understanding of the science behind pharmacotherapy
- get valuable support and encouragement from university mentors
- open new networking opportunities
- be able to transition into the Master of Pharmacy
- discover new career options and pathways

Work Integrated Learning (WIL)

The Graduate Certificate in Pharmacotherapy is a 1-2 semester bridging course and does not include a WIL component.

Career opportunities

The Graduate Certificate in Pharmacotherapy is a bridging course which lays the groundwork for students to be able to progress naturally into the Master of Pharmacy course.
