- demonstrate specialised knowledge and skills in Health and PE and a second discipline area across a range of classes and year groups within a secondary school environment
- learn the theories and principles that are the foundation for educational practice in secondary settings
- demonstrate understanding of student needs and differences and the relevance of these to learning in inclusive, indigenous, EALD and mainstream settings
- plan and develop appropriate teaching activities for students from a diverse range of backgrounds
- develop and implement effective assessment strategies and carry out evaluation of teaching programs, resources and your own teaching
- apply the requisite content knowledge for all secondary school curriculum areas to teaching, assessment and reporting methods, alternate/enhanced literacy and numeracy strategies and the effective use of ICT in teaching and learning
- reflect on your practice and experiences and engage in a process of continual improvement.
