# About this course

## Become an ambitious future business leader

As part of our Applied Business course suite, the Bachelor of Applied Business (Management) (Online) will provide you with a broad foundation of business skills tailored to the needs of ambitious future entrepreneurs and business leaders. Where traditional business courses have a focus on preparing students for the workforce, our Applied Business degrees aim to provide you with the skills necessary to successfully start your own businesses.

## Study a Bachelor of Applied Business (Management) (Online) at UC and you will:

- cover the fundamentals of management and their relevance in today's business context
- understand both the challenges and opportunities that have arisen in a highly globalised, digitised and diverse modern business environment
- develop the skills required to self-start and self-manage work-related projects, within the modern digital landscape
- excel as strategic and operational managers in the modern business environment

- create and design approaches to business within emerging markets, and communicate them in an appropriate manner to a range of audiences.

## Work-integrated learning

Throughout the duration of this course, you will work your way through a unique learning experience that includes tailored learning activities, and unique and exclusive video content from a range of global leaders to assist you in the development of detailed and strategic business plans.

## Career opportunities

- Entrepreneur
- Social Entrepreneur
- Venture Capital Analyst
- Marketing Managers
- Executive Managers

## Course specific information

All content is available online and the unit can be commenced within the teaching periods displayed under the 'Admissions' tab.

# Admission requirements

Admission to this course is based on an entrance rank. A rank can be achieved by the following means:

- Year 12 ATAR
- other Australian Qualification
