About this course

Take the next step towards your career in nutrition

Explore the science of food and nutrition with this postgraduate level qualification in human nutrition.

Study a Graduate Certificate in Human Nutrition at UC and you will:

- develop knowledge and skills to enhance health through evidence-based nutrition science
- understand the important role of food in social, cultural, biological, biochemical and environmental health contexts
- use nutrition knowledge to transform local and global food production and consumption patterns towards enhanced environmental sustainability
- develop and demonstrate expert communication skills to transfer complex nutrition knowledge to diverse audiences
- develop autonomy and self-direction in your learning and professional development.

Work Integrated Learning (WIL)

Work Integrated Learning (WIL) is an integral component of some study paths in this course, offering opportunities for you to engage

with industry professionals. Build your professional networks while study and graduate confident to your new skills in the workplace.

With a wide range of job opportunities available in the Nutrition industry, and the important role nutrition plays across a range of other professions, this introductory course will help you focus your career objectives or give you direction into future advanced studies.

Career opportunities

Each study path has the potential to transition into roles in:

- The corporate/food industry
- State or local government
- Private nutrition organisations
- Media organisations
- Fitness industry
- Public health

Course-specific information

Thinking of upgrading your qualification? Successful completion of this course serves as a pathway into the Graduate Diploma in Nutritional Science.

To qualify for admission, students must have completed a bachelor degree in health, science, or a related field. If you're unsure if you qualify, please get in touch for further advice.

Professional accreditation

None.

Admission requirements

Applicants must meet all of the following criteria:

- a) a completed bachelor degree in science, or a related discipline*,
- b) two degree level units in chemistry,
- c) two degree level units in human biology and human physiology.

* a related discipline includes health, science, applied science.

Assumed knowledge

It is highly desirable that students have knowledge in human biology and physiology.

Periods course is open for new admissions

Year	Location	Teaching period	Teaching start date	Domestic	International
2022	UC - Canberra, Bruce	Semester 1 	07 February 2022		
2023	UC - Canberra, Bruce	Semester 1 	06 February 2023		
2024	UC - Canberra, Bruce	Semester 1 	05 February 2024		

Credit arrangements

There are currently no formal credit transfer arrangements for entry to this course. Any previous study or work experience will only be considered as part of the application process in accordance with current [course rules](#) and [university policy](#). Credit is not permitted towards completion of a graduate certificate.

Course requirements

Graduate Certificate in Human Nutrition (773AA) | 12 credit points

Restricted Choice - Must pass 12 credit points from the following

[Expand All](#) | [Collapse All](#)

[Nutrition, Society and Health G \(6476\) | 3 credit points – Level G](#)
