# About this course

## Understand the 'why' at a whole new level

Discover the science behind how and why people think, feel, and behave the way they do with the UC Bachelor of Science in Psychology. In this course, you will learn how to use science and evidence-based practice to understand human behaviour in a wide range of settings.

In only three years, you will learn the foundations of psychology and gain the knowledge, understanding and the contacts to go on to explore a range of career and study opportunities once you graduate

This course is especially advantageous to those studying double-degrees in law, business, and sport & exercise science – alternatively you can choose to do a secondary major in many areas, including counselling, health science, and sports.

UC also offers extensive Work Integrated Learning opportunities including placements in local, national and international organisations - if available.

This course is accredited by the Australian Psychology Accreditation Council and opens opportunities for further study in psychology at honours and masters levels.

## Study a Bachelor of Science in Psychology at UC and you will:

- be introduced to the latest theory, practice, and research in a diverse range of areas of psychology including

developmental, physiological, social, and cognitive

- focus on applied psychology and research
- be able to choose elective units in sport and performance psychology, health psychology, and forensic psychology
- gain transferable skills that are highly sought after by a diverse range of employers including critical analysis, communication, problem solving, teamwork, and research
- graduate from a fully accredited course and be eligible for entry into professional postgraduate training courses in clinical and other areas of psychology

## Work Integrated Learning

Work-integrated learning (WIL) is an integral component of the Bachelor of Science in Psychology journey as it gives students the opportunity to gain valuable hands-on experience and build professional relationships through real work, or work-like placements.

This, in turn, enhances each student's confidence, employability and reinforces our commitment to preparing professional and highly employable graduates with the right mix of skills, knowledge, and experience.

In this course, you will undertake a minimum of 120 hours of practical education where you will work with, and alongside experienced and skilled industry mentors within a local, national or international working environment.

## Career opportunities

A Bachelor of Science in Psychology degree from UC opens many doors and can lead to a diverse range of study and career options in any of the following areas:

- psychologist (subject to further studies)
- human resources
- policy and research
- health and welfare
- public relations
- media
- marketing and advertising
- disability support
- community health
- counselling.

## Course-specific information

The UC Bachelor of Science in Psychology course is accredited by the Australian Psychology Accreditation Council. Registration to work as a psychologist requires further study beyond the bachelor's degree. For students commencing this course, there are two pathways to registration.

- Complete an accredited one-year honours course in psychology (or equivalent), followed by an accredited one-year master of professional psychology course, followed by one-year's supervised professional experience.
- Complete an accredited one-year honours course in psychology (or equivalent), followed by an accredited two-year master of clinical psychology course, or a two-year accredited course in another area of professional psychology (e.g.

forensic, organisational, educational, clinical neuropsychology, or sports psychology).

Further information is available at <https://www.psychologyboard.gov.au/Registration.aspx>.

## Professional accreditation

The Bachelor of Science in Psychology is accredited by the Australian Psychology Accreditation Council (<https://apac.au/> )

# Admission requirements

Admission to this course is based on an entrance rank. A rank can be achieved by the following means:

- Year 12 ATAR
- other Australian Qualification
- work experience
- overseas qualification

We also offer a number of entry initiatives that give you the opportunity to gain entry to the University via alternate pathway programs and admissions schemes.

More information is available on our Alternative Entry page: <http://www.canberra.edu.au/future-students/applications/apply-now/alternative-entry>

## Additional admission requirements

For Work Integrated Learning (WIL), students may require a Working with Vulnerable People card.

## Assumed knowledge

None.

## Periods course is open for new admissions
