About this course

Take charge of your career trajectory in IT

Are you looking to explore a career in Information Technology (IT)? The University of Canberra's Graduate Certificate in Information Technology is just the course for you. You get to learn new skills, gain practical experience, and give your career the boost it deserves in this fast-changing world of IT.

Striking the perfect balance between theory and practice, you'll develop the concepts and principles of entrepreneurship and innovation. Graduate from this course with the confidence and competitive edge to pursue a leadership role in IT.

Complete in a little as 4 months

You can complete this course in as little as 4 months (one semester) full-time. Alternatively, study part-time and complete the course within one year (two semesters).

Further your studies

Thinking of upgrading your qualifications? Successful completion of this course serves as a pathway into the Graduate Diploma of Information Technology and Master of Information Technology and Systems.

Study a Graduate Certificate in Information Technology at UC and you will:

- gain foundational ICT knowledge and skills
- learn how to develop computer-based solutions
- address core areas of the 'Skills Framework for the Information Age'
- complement your existing academic knowledge and skills
- learn to critically analyse, interpret and synthesise complex IT ideologies
- diversify your existing qualifications to increase employment prospects
- gain unrivalled access to industry specialists
- improve your network of professional contacts
- explore further postgraduate study

Professional accreditation

None.

Admission requirements

Applicants must have an Australian bachelor's degree in a non-IT field or equivalent.

The following Defence members are eligible for direct entry into this course through the Veteran Tertiary Support Program - Postgraduate Course Entry:

- Commissioned Officer (any rank),
- Chaplain or Maritime Spiritual Wellbeing Officer,
- Senior Non-Commissioned Defence Force Members (E-6 or higher),
- Defence Force Members - Other Ranks (E-2 to E-5) with three or more years' experience.

Assumed knowledge

None.

Periods course is open for new admissions

Year	Location	Teaching period	Teaching start date	Domestic	International
2025	Bruce, Canberra	Semester 1	03 February 2025	✓	✓
2025	Bruce, Canberra	Semester 2	28 July 2025	✓	✓

2026	Bruce, Canberra	Semester 1	16 February 2026	✓	✓
2026	Bruce, Canberra	Semester 2	10 August 2026	✓	✓
2027	Bruce, Canberra	Semester 1	15 February 2027	✓	✓
2027	Bruce, Canberra	Semester 2	09 August 2027	✓	✓

Credit arrangements

There are currently no formal credit transfer arrangements for entry to this course. Any previous study or work experience will only be considered as part of the application process in accordance with current [course rules](#) and [university policy](#).

Course requirements

Graduate Certificate in Information Technology (840AA) | 12 credit points

Required - Must pass 9 credit points as follows

[Expand All](#) | [Collapse All](#)

[Professional Practice in IT G \(6676\) | 3 credit points – Level G](#)

[Systems Analysis and Modelling G \(6677\) | 3 credit points – Level G](#)

[Introduction to Information Technology G \(8936\) | 3 credit points – Level G](#)

Students are encouraged to contact the Faculty for more specific advice.

Students intending ongoing study in the Graduate Diploma in Information Technology or Master of Information Technology and Systems should choose a unit that addresses their future study plans.

Restricted Choice - Must pass 3 credit points from the following

[Security and Support in IT G \(6689\) | 3 credit points – Level G](#)

[Software Technology 1 G \(8995\) | 3 credit points – Level G](#)

[Introduction to Network Engineering G \(10088\) | 3 credit points – Level G](#)

[Introduction to Data Science G \(11516\) | 3 credit points – Level G](#)

[Introduction to Cyber Safety G \(11623\) | 3 credit points – Level G](#)

[Introduction to Cyber Security G \(11941\) | 3 credit points – Level G](#)

In addition to course requirements, in order to successfully complete your course you must meet the inherent requirements. Please refer to the [inherent requirements statement](#) applicable to your course
