## About this course

The Bachelor of Creative Industries (Acting and Performance) offers a structured course of learning and training in the craft of acting and performance. The course is presented in an innovative partnership between TAFE Queensland and the University of Canberra, preparing graduates with the skills, knowledge, and outlook to build a sustainable career in the performing arts industry. The course offers: lively, detailed and focused training in acting, voice and body skills; regular performance opportunities to play to live audiences; intense development of the acting student's creative voice as an independent performance maker. Plays, readings, online resources and academic materials are designed to inspire, challenge and motivate the training actor. Students are expected to develop as actors and performers who think for themselves, respect their own ideas and ideals, and use theatre and film as a means to share those ideas and ideals. Students are encouraged to understand and explore their place of performance in a contemporary world.
