# About this course

## Make a real impact through Leadership or STEM

Strengthen your professional identity as an educator and increase your impact on student learning, wellbeing and achievement with a Master of Education. Delivered 100% online, you can balance your full-time work while developing your professionalism as a teacher with the opportunity for your studies to go towards continuing professional development (CPD) or mandatory training hours. With intakes every two months, you can study from anywhere in Australia while receiving dedicated support from your Student Success Adviser as you study one unit at a time, online & accelerated, instantly adding value to your career and organisation. Tailor your study to your career goals with the choice of a specialisation; STEM or Leadership.

Choose to specialise in STEM and shift the focus of learning from content coverage to a new in-depth understanding of relational ideas and inclusive environments. Designed by the internationally renowned STEM Education Resource Centre and industry experts, a STEM specialisation will see you supported and led by leaders in the field.

With a specialisation in leadership, you could see your expertise making a real difference in leading initiatives in schools and systems. Designed by experienced experts in the field, this specialisation has a focus on the practicality of successfully leading teaching and learning in a school.

Whether you are a teacher in primary, secondary or tertiary education or work in educational authorities, the Master of Education will enhance your credibility as an educator and give you the confidence, skills and professional toolkit to stay at the forefront of modern education.

## Study a Master of Education at UC and you will:

- Learn to analyse and evaluate education theory, policy and curriculum.

- Apply your knowledge and skills to the curriculum, policies and practices ensuring a balance of perspectives.
- Enhance your credibility as an educator.
- Use self-reflection and be adaptable in a professional workplace.
- Find solutions to complex challenges within an education context.
- Understand how learning, teaching and curriculum intersect and articulate strategic initiatives.

## Career opportunities

- Curriculum Coordinator or Specialist
- Deputy Principal
- Early Childhood Director
- Education Assessment Specialist
- Executive Principal
- Executive Teacher
- Head of Department or Faculty
- Instructional Leader
- Principal
- School Leader
- School Policy Adviser or Developer
- Student Well-being Manager
- Year Adviser

## Course-specific information

If you decide the full Masters isn't for you, you can exit with a Graduate Certificate in STEM Education or a Graduate Certificate in Educational Leadership.

### 100% Online

Enrol in the Masters of Education Online and enhance your professional authority as a modern educator. Our program provides the opportunity for you to pursue a generalist degree or specialise in educational leadership or STEM, allowing you to align your studies with your career goals. With the Master of Education, you will gain a toolkit to respond to contemporary challenges and skills to empower positive growth in staff and students.
