About this course

Secure a career in Cyber Security

With the prevalence of cyber-attacks growing each day, the demand for skilled individuals who are cyber security literate is greater than ever before.

Designed for professionals of all backgrounds, UC's Graduate Certificate in Cyber Security Management is the perfect stepping stone to a career overseeing the management aspects of Cyber Security. Unlike other more technical course, this course is designed to equip you with the management skills to lead and manage secure systems.

We'll give you a fundamental understanding of the topic, and the skills required to identify, manage, and respond to a range of real-world cyber security threats in areas like privacy, data management and hacking. You'll also develop your ability to manage people, communicate effectively and respond to complicated crises.

Suitable for those from a variety of professional backgrounds, such as business, management, law and more, this 100% online course can fit with your lifestyle and be completed in as little as 8-months.

Professional accreditation

None.

Admission requirements

A recognised bachelor degree or 3 years equivalent work experience in a relevant area (such as Commerce, IT, Law or Management), with no previous IT experience required.

Assumed knowledge

Knowledge related to the following fields would be useful; Information Technology, Computer Science, Business, Commerce or Law.

Periods course is open for new admissions

Year	Location	Teaching period	Teaching start date	Domestic	International
2023	UC - Canberra, Online	Study Block 2	06 March 2023	✓	✓
2023	UC - Canberra, Online	Study Block 4	03 July 2023	✓	✓

Credit arrangements

There are currently no formal credit transfer arrangements for entry to this course. Any previous study or work experience will only be considered as part of the application process in accordance with current [course rules and university policy](#).

Course requirements

Graduate Certificate in Cyber Security Management (ITC101) | 12 credit points

Required - Must pass 12 credit points as follows

[Expand All](#) | [Collapse All](#)

Cyber Security as an Ecosystem G (11709) | 3 credit points – Level G

Cyber Security as Governance and the Law G (11710) | 3 credit points – Level G

Cyber Security as Infrastructure and Tools G (11711) | 3 credit points – Level G

Cyber Security as People Management G (11712) | 3 credit points – Level G

In addition to course requirements, in order to successfully complete your course you must meet the inherent requirements. Please refer to the [inherent requirements statement](#) applicable to your course
