

STUDENT ACADEMIC MENTORS (SAMS)

What are SAMs?

Each SAM is a current student who has been through what you have been through. They are in their final years of study and have specialities in various fields, for example, programming, visual arts or fashion.

What kind of help can they give?

- guidance with assessment
- a headstart on planning, time management
- insight into the different units and what is required
- help you make connections with your study
- explain tricky concepts e.g. referencing
- practical help with everyday stuff e.g. navigating Canvas, digital literacy
- motivation and cool study hacks
- just someone to chat to who has been through the same anxieties and successes

Where can I find a SAM?

They are in your coursework areas: H Block Level 3, E Block and C4 Collaborative Space so you can pop in and catch up or you can email them on UC.SAMs@tafe.qld.edu.au

I'm interested in becoming a SAM, what do I do?

That's great! Please email UCBrisbane@canberra.edu.au expressing your interest and we will explain the next steps.

SAMs "Look for us and we'll look after you!"
