1.47 The scholarship will be suspended during approved intermission or unpaid leave from candidature (e.g. compelling or compassionate leave).

1.48 The scholarship recipient may apply for a temporary suspension of their scholarship for a period totalling up to 12 months. In exceptional circumstances only (circumstances beyond the recipient’s control), the recipient may apply for suspensions beyond 12 months.

1.49 If intermission from study and suspension of scholarship are approved, the recipient’s end date will be adjusted and increased by the number of days leave taken.

1.50 All applications for leave without stipend must be submitted via the Application for Leave from Candidature Form to Graduate Research and must have the Primary Supervisor’s endorsement and the approval of the Associate Dean Research in the Faculty.

1.51 The scholarship recipient must notify Graduate Research at least three weeks prior to resuming study following a period of intermission from study.

1.55 Applications for transfer will be considered in accordance with the *HDR Enrolment and Changes to Candidature Policy*.

1.56 In the case of a transfer from a Doctoral Degree to Master by Research degree, the duration of the degree will be adjusted and will include time enrolled in the previous Higher Degree by Research degree. A recipient who has been enrolled in an HDR degree for more than two years full-time (or equivalent part-time) will be required to forfeit the scholarship. A recipient who has been enrolled in a doctoral course for less than two years and is approved to transfer to a Master by Research course, will be entitled to retain their scholarship for the remaining duration up to a maximum of two years (total maximum scholarship period of 730 days).

**Change of Topic or Discipline**

1.57 The scholarship recipient may request a change in topic or research project in accordance with the *HDR Enrolments and Changes to Candidature Policy*.

1.58 Scholarship recipients must advise Graduate Research in writing of any change to their research project topic or title, to ensure that any change to field of education is recorded.

1.59 A significant change in topic may have implications on submission, resources and supervisory arrangements.

**Employment and Other Funding**

1.60 The scholarship recipient is permitted to:
   a. obtain funds for fieldwork, equipment or other expenses not covered by the scholarship;
   b. obtain funding for overseas travel costs from other awards or any other source; and
   c. receive income derived from part-time work, as long as employment does not impact detrimentally on the recipient’s progress in the course.

**Concurrent Study**
1.61 The scholarship recipient (during the duration of the award) may not enrol in any academic course of study leading to a qualification which is not a course related to the recipient’s Higher Degree by Research.

**Research at Other Organisations**

1.62 The University may approve the scholarship recipient to conduct some research or fieldwork at other organisations, including organisations outside the Australian Higher Education system (including placements and internships). In such cases, the University must ensure adequate support, supervision and training for the candidate at the other organisation. Approval must be provided by the Primary Supervisor and the Associate Dean Research of the Faculty.

1.63 Approval of the scholarship recipient conducting research work at organisations outside the Australian Higher Education system will only be granted if adequate supervision can be maintained, and on the condition that the recipient maintains enrolment for that period in their HDR degree.

1.64 The scholarship recipient will generally be permitted to conduct research project work external to the University for up to 12 months of candidature, unless further time is deemed necessary by the Faculty.

1.65 The scholarship recipient is eligible to receive their stipend while undertaking research, fieldwork, placement or internship at other organisations if:
   a. There is no other income associated with these activities;
   b. The placement is within the scholarship period of support; and
   c. The thesis examination has not been finalised.

1.66 Periods of research undertaken at another organisation will not extend the maximum period of support detailed at 1.8.

**Termination of Award**

1.67 The scholarship will be terminated after the first pay period following the recipient’s submission of the thesis for examination, or when the scholarship expires, whichever is earlier.

1.68 Awards will be terminated before this time:
   a. if the recipient fails to complete the Annual Progress Report and re-enrol;
   b. if the recipient ceases to meet the eligibility criteria specified in these conditions of award;
   c. if, in the opinion of the University, the course of study is not being carried out with competence and diligence or in accordance with the offer of the scholarship;
   d. when a recipient ceases to be a full-time student in a case where approval has not been obtained from the University to hold the scholarship on a part-time basis;
   e. if the recipient does not resume study at the conclusion of a period of intermission and approval has not been obtained from the University to extend that period of intermission; or
   f. if the recipient has committed serious misconduct, including, but not limited to the provision of false or misleading information in relation to the scholarship.

1.69 Termination of the scholarship is approved by the Deputy Vice-Chancellor Research and Innovation.
1.70 If the scholarship is terminated, it cannot be reactivated unless the termination occurred in error.

Grievances

1.71 Grievances relating to academic or administrative actions or decisions taken by the University and its staff in relation to this scholarship are to be resolved informally in the first instance.

1.72 If informal resolution is not possible, the procedures outlined in the Student Grievance Resolution Policy should be applied.
