

Take your research
beyond university

UNIVERSITY OF
CANBERRA

Gain industry experience, grow your network, and enhance your career prospects through a research internship. With the UC HDR internship scholarship, you'll have the support you need to focus on your internship and make the most of the opportunity.

The HDR Internship Scholarship is valued at approximately \$10,000.

Who can apply?

You're eligible if you:

- are enrolled in a UC doctoral degree
- have achieved Confirmation of Candidature
- haven't received internship funding before
- aren't being paid by the industry partner for the activities you will do as part your internship
- don't hold an industry funded PhD scholarship, or
- aren't undertaking a PhD project with an embedded internship

Both domestic and international candidates (full-time or part-time) can apply.

You will need to have a written agreement with your chosen industry partner signed within the first 18 months of your enrolment.
