

CENTRALISATION

Sathvika

Colourful garden beds arranged circularly around the fountain create a maze-like layout that is dynamic & engaging.

Waterwall and Mini Pool w/ lily pads and smooth pebbles for a serene water feature

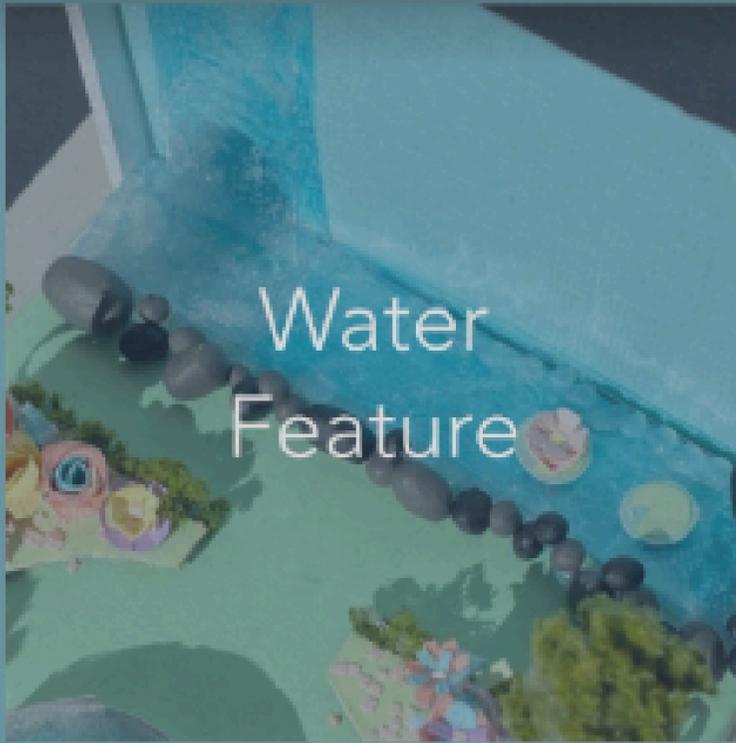

Tiered Fountain is a captivating focal point that creates tranquillity and is a beautiful centrepiece that anchors the design of the landscape.

Open Space with vertical gardens inspired by Singapore's Floral Fantasy. Innovative use of an area with limited space and the vivid flower garden tie the space into the overall landscape.

Butterfly Garden is a vibrant space that creates some movement in the landscape
